

## ABOUT THE INSTITUTION

Vignan Institute of Pharmaceutical Technology (VIPT) is one of the constituent colleges of Vignan Institutions well known for quality education with Global standards and Indian values. VIPT was established in 2006 with a view to provide job oriented professional courses in Pharmacy, VIPT offers B.Pharmacy., M.Pharm., PharmD. Programs. The College is Affiliated to the JNTU Kakinada, approved by the All India Council for Technical Education (AICTE), Pharmacy Council of India (PCI), Govt. of Andhra Pradesh. The College is ISO 9001:2015 & ISO 14001:2015 & ISO 45001:2018 Certified for its safety and waste disposal methods employed. The infrastructure available makes the college a conducive academic learning that provides students with good quality education in a clean, comfortable environment. The college is presently one of the largest graduate, postgraduate and research institutions in Andhra Pradesh imparting quality Pharmaceutical Education.

## RESOURCE PERSON

**Dr. N. Ramya,**  
Associate Professor,  
VIIT- Duvvada

**PROFILE:** Currently working as associate professor in statistics at Vignan Institute of Information Technology. Doctorate from Andhra University, Visakhapatnam in statistics with more than 16+ research publication to her name indexed with Scopus and Thompson Reuters, with 6 citations and 01 h index. Expertise in Statistics and Probability mainly with Queuing Theory, Statistical analysis methods. Cluster and Factorial Analysis Applications in Statistical Methods, An Effectiveness of the Determinants of Employees' Job Satisfaction and Job Performance- A Case Study on Health Sector in Ethiopian Context, penalty difference algorithm for basic feasible cost of TPP, Statistical Applications of Confounding Techniques in Factorial Designs.

## LOCAL ORGANIZING COMMITTEE:

**Convener:**  
Dr. G. Vasantha,  
Associate Professor

**Co-Convener:**  
Dr. Wasim Feroz,  
Assistant Professor

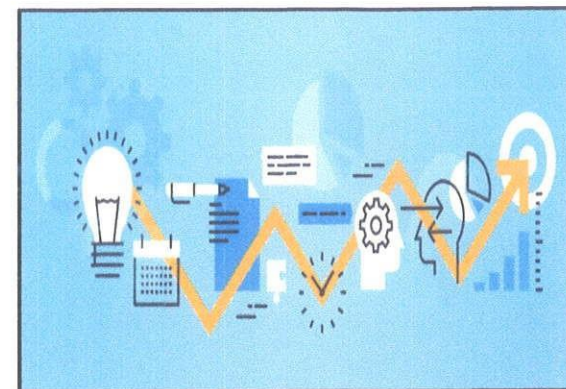

Interested candidates please contact and enroll.

## REPORT

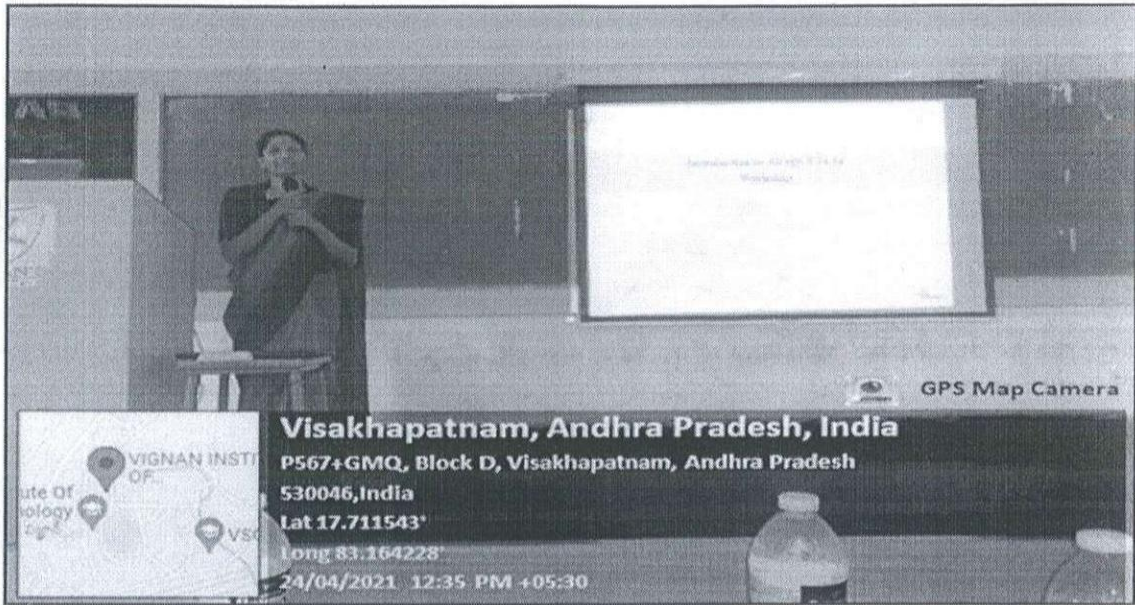

Seminar was organized on *“Medical Research Study Designs”*:

A one-day seminar was organized on “Medical Research Study Designs” on 24.04.2021, with Dr. N. Ramya, Associate Professor, Vignan Institute of Information Technology, Duvvada as speaker. The event was formally inaugurated by Dr. Y. Srinivasa Rao, Principal, of Vignan Institute of Pharmaceutical Technology. The resource person of the day was welcomed by Dr. G. Vasantha, Associate Professor. The seminar theme was designed to stimulate healthcare professionals to perform report and publish their clinical research to help improving the healthcare system in general and Medical Research Study Designs. She focused on developing relevant research questions and selecting the best clinical trial design based on moral standards. She also discussed how to use the fundamental features of a statistical software package and how to correctly evaluate the outcomes of statistical analysis. She discussed how to write effective articles using important concepts and techniques, as well as the fundamentals of article publication and the reviewing process. The conference came to a close with a discussion about the state of biomedical research in India. She explained the basic principles of article publication and the reviewing process, and use key tools and concepts to write effective articles. The seminar ended by a discussion on biomedical research status in India. The current patient file system, the knowledge of research methodology, the staff evaluations and promotions in medical universities, and the importance of team works spirit are among discussed issues. A Q&A session was held followed by a Vote of thanks given by Dr. Wasim Feroz, Assistant Professor.

## REPORT

Seminar was organized on *IPR in Pharmaceutical Industry*

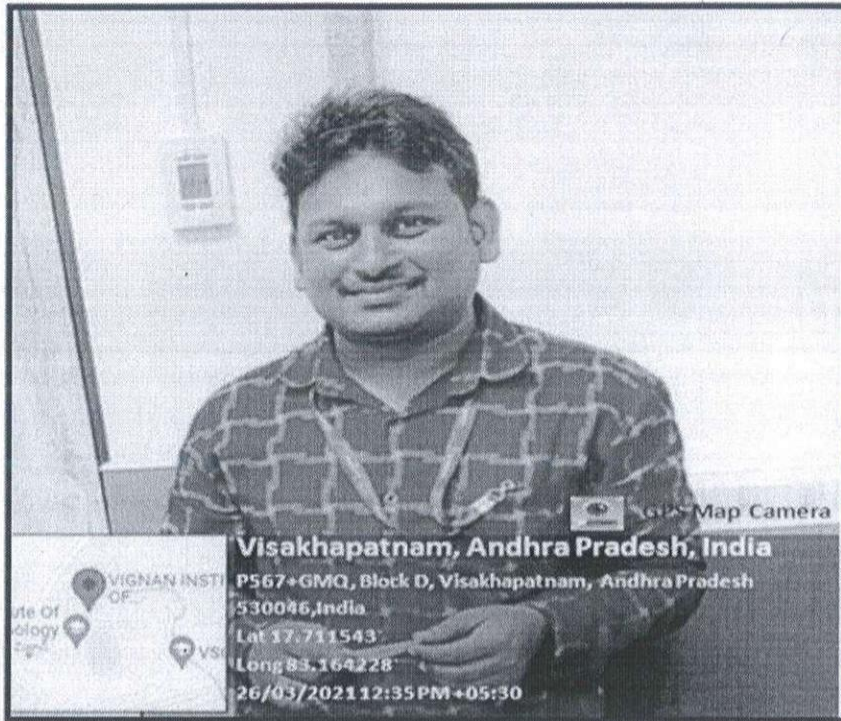

A one day seminar was organized on IPR in Pharmaceutical Industry from 26<sup>th</sup> March 2021 by VIPT, Duvvada. B.Pharmacy student attended this seminar, Dr.Y. Srinivasa Rao, Principal; VIPT delivered a welcome speech enlightened about the seminar and importance attached to the seminar.

After inauguration, convener Mrs A. Swathi Annapurna, Assistant Professor introduced the speaker Dr. Venkatesh Kamuju, Micro dialysis, Suven Life Sciences. He gave his valuable presentation covering the topics on overview of Intellectual property rights (IPR), inventions, and creative expressions based on which there is a public willingness to bestow the status of property. He has created awareness that IPR provide certain exclusive rights to the inventors or creators of that property, in order to enable them to reap commercial benefits from their creative efforts or reputation. He emphasized on several types of intellectual property protection like patent, copyright, trademark, etc. Patent is recognition for an invention, which satisfies the criteria of global novelty, non-obviousness, and industrial application. IPR is prerequisite for better identification, planning, commercialization, rendering, and thereby protection of invention or creativity. Q & A Session was also held.

The co-convener Ms. N. Madhuri, Assistant Professor thanked the management of VIPT for giving support and encouraging the team to organize the seminar.

## ABOUT THE INSTITUTION

Vignan Institute of Pharmaceutical Technology (VIPT) is one of the constituent colleges of Vignan Institutions well known for quality education with Global standards and Indian values. VIPT was established in 2006 with a view to provide job oriented professional courses in Pharmacy, VIPT offers B.Pharmacy., M.Pharm., PharmD. Programs. The College is Affiliated to the JNTU Kakinada, approved by the All India Council for Technical Education (AICTE), Pharmacy Council of India (PCI), Govt. of Andhra Pradesh. The College is ISO 9001:2015 & ISO 14001:2015 & ISO 45001:2018 Certified for its safety and waste disposal methods employed. The infrastructure available makes the college a conducive academic learning that provides students with good quality education in a clean, comfortable environment. The college is presently one of the largest graduate, postgraduate and research institutions in Andhra Pradesh imparting quality Pharmaceutical Education.

## RESOURCE PERSON

### Dr. Venkatesh Kamuju

Senior Research Associate  
Suven Life Sciences  
Hyderabad.

**PROFILE:** He was awarded with Ph.D in Pharmacology from Andhra University, He was specialized in micro dialysis a division of preclinical studies. He has research publications in Google Scholar-24 Scopus Indexed, h-index-11 and ORCID 0000-0002-8946-5474. He has guided 14 M.Pharm and 30 B.Pharm Projects. He previously worked at Eveda, Hyderabad and Syngene, Bangalore. Life member of professional bodies like Association of Pharmaceutical Teachers of India., Indian Pharmacy Graduates' Association, new Delhi. Qualified in several patent and IPR related NPTEL Courses

## Local Organizing Committee:

### Convener:

Mrs A. Swathi Annapurna  
Assistant Professor

### Co-Convener:

Ms. N. Madhuri  
Assistant Professor

## REPORT

Seminar was organized on *IPR in Pharmaceutical Industry*

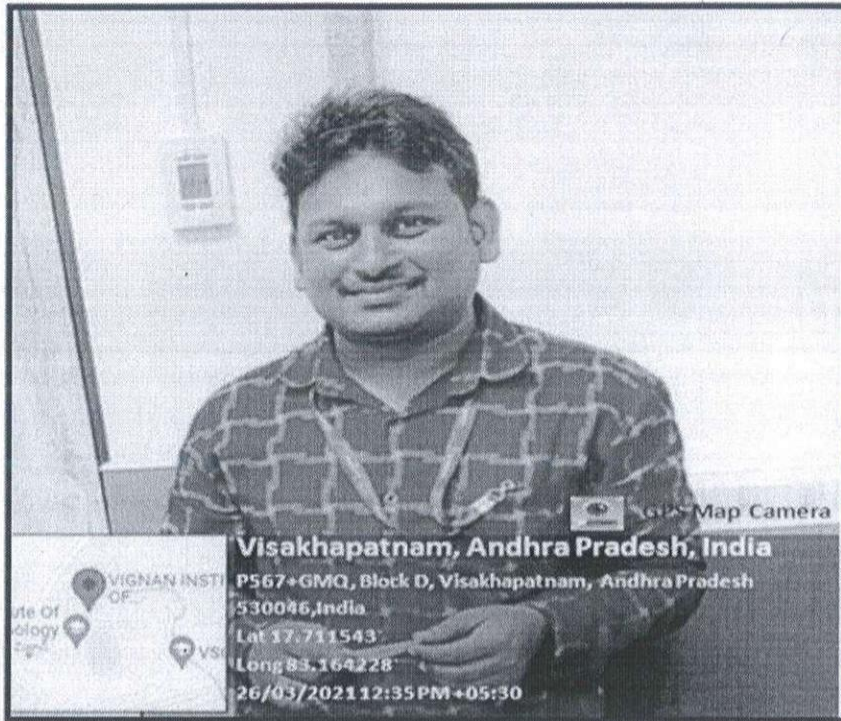

A one day seminar was organized on IPR in Pharmaceutical Industry from 26<sup>th</sup> March 2021 by VIPT, Duvvada. B.Pharmacy student attended this seminar, Dr.Y. Srinivasa Rao, Principal; VIPT delivered a welcome speech enlightened about the seminar and importance attached to the seminar.

After inauguration, convener Mrs A. Swathi Annapurna, Assistant Professor introduced the speaker Dr. Venkatesh Kamuju, Micro dialysis, Suven Life Sciences. He gave his valuable presentation covering the topics on overview of Intellectual property rights (IPR), inventions, and creative expressions based on which there is a public willingness to bestow the status of property. He has created awareness that IPR provide certain exclusive rights to the inventors or creators of that property, in order to enable them to reap commercial benefits from their creative efforts or reputation. He emphasized on several types of intellectual property protection like patent, copyright, trademark, etc. Patent is recognition for an invention, which satisfies the criteria of global novelty, non-obviousness, and industrial application. IPR is prerequisite for better identification, planning, commercialization, rendering, and thereby protection of invention or creativity. Q & A Session was also held.

The co-convener Ms. N. Madhuri, Assistant Professor thanked the management of VIPT for giving support and encouraging the team to organize the seminar.

## REPORT

Seminar was organized on *Designing of Protocol for BA/BE Studies in Clinical Research*:

A one day seminar was organized on Designing of Protocol for BA/BE Studies in Clinical Research on 13<sup>th</sup> March 2021 by VIPT, Duvvada. B.Pharmacy student attended this seminar, Dr.Y. Srinivasa Rao, Principal: VIPT delivered a welcome speech enlightened about the seminar and importance attached to the seminar.

After inauguration, convener Mrs A. Swathi Annapurna, Assistant Professor introduced the speaker Mr. P.N.Mallikarjun Rao, Associate Professor, Vignan Institute of Pharmaceutical Technology, Visakhapatnam. he gave his valuable presentation covering the topics on overview on design of Experiments, Knowledge of the PK of the drug, formulation and designing the study, Standard approaches sufficient minimize variability, Select of highest feasible sample size as per CDSCO guidelines. Bioavailability of drugs is the concentration of the drug compound that reaches the systemic circulation or the site of action. Most of the medicines or pharmaceuticals consumed orally reach the systemic circulation through the gastrointestinal tract. These drug compounds then enter the site of action through the systemic circulation. Bioavailability of drugs is measured by assessing the active ingredient (API) concentration of the drug and any metabolites in plasma or serum. The API concentration also helps in determining the active ingredient release from the drug compounds along with its absorption, distribution, metabolism, and excretion. The three primary variables of pharmacokinetic studies used in assessing the bioavailability of drugs are i) maximum concentration of the drug in the systemic circulation (C<sub>max</sub>), ii) time to reach this concentration (T<sub>max</sub>), and iii) time-drug concentration area under the curve (AUC). If the bioavailability of two drug products is similar, the drug products are called bioequivalent. Q & A Session was also held.

The co-convener Ms. N. Madhuri, Assistant Professor thanked Speaker, Principal and the management of VIPT for giving support and encouraging the team to organize the seminar.

## ABOUT THE INSTITUTION

Vignan Institute of Pharmaceutical Technology (VIPT) is one of the constituent colleges of Vignan Institutions well known for quality education with Global standards and Indian values. VIPT was established in 2006 with a view to provide job oriented professional courses in Pharmacy, VIPT offers B.Pharmacy., M.Pharm., PharmD. Programs. The College is Affiliated to the JNTU Kakinada, approved by the All India Council for Technical Education (AICTE), Pharmacy Council of India (PCI), Govt. of Andhra Pradesh. The College is ISO 9001:2015 & ISO 14001:2015 & ISO 45001:2018 Certified for its safety and waste disposal methods employed. The infrastructure available makes the college a conducive academic learning that provides students with good quality education in a clean, comfortable environment. The college is presently one of the largest graduate, postgraduate and research institutions in Andhra Pradesh imparting quality Pharmaceutical Education.

## RESOURCE PERSON

### Mr. P.N.Mallikarjun Rao

Associate Professor,  
VIPT- Duvvada

**PROFILE:** He has completed his M.Pharmacy and (Ph.D) and is now serving as an Associate Professor in the Department of Pharmaceutics in Vignan Institute of Pharmaceutical Technology in India from the past 15 years. Currently serving as IQAC coordinator, VIPT and been a integral member of various committee in Vignan Institute of Pharmaceutical Technology. Worked as External examiners, Technical advisor, Evaluator at various international Conferences throughout India. Published more than 35+ articles in various international and national journals with total of 100 citations and 3 h index. Research Interest in Pharmaceutics, Pharmaceutical Technology, Drug Delivery. Publications like Formulation and Evaluation of Fast Dissolving Tablets of Diclofenac Sodium by Novel Hole Technology

### Local Organizing Committee:

#### Convener:

Mrs A. Swathi Annapurna,  
Assistant Professor

#### Co-Convener:

Ms. N. Madhuri,  
Assistant Professor

## REPORT

Seminar was organized on *Designing of Protocol for BA/BE Studies in Clinical Research*:

A one day seminar was organized on Designing of Protocol for BA/BE Studies in Clinical Research on 13<sup>th</sup> March 2021 by VIPT, Duvvada. B.Pharmacy student attended this seminar, Dr.Y. Srinivasa Rao, Principal: VIPT delivered a welcome speech enlightened about the seminar and importance attached to the seminar.

After inauguration, convener Mrs A. Swathi Annapurna, Assistant Professor introduced the speaker Mr. P.N.Mallikarjun Rao, Associate Professor, Vignan Institute of Pharmaceutical Technology, Visakhapatnam. he gave his valuable presentation covering the topics on overview on design of Experiments, Knowledge of the PK of the drug, formulation and designing the study, Standard approaches sufficient minimize variability, Select of highest feasible sample size as per CDSCO guidelines. Bioavailability of drugs is the concentration of the drug compound that reaches the systemic circulation or the site of action. Most of the medicines or pharmaceuticals consumed orally reach the systemic circulation through the gastrointestinal tract. These drug compounds then enter the site of action through the systemic circulation. Bioavailability of drugs is measured by assessing the active ingredient (API) concentration of the drug and any metabolites in plasma or serum. The API concentration also helps in determining the active ingredient release from the drug compounds along with its absorption, distribution, metabolism, and excretion. The three primary variables of pharmacokinetic studies used in assessing the bioavailability of drugs are i) maximum concentration of the drug in the systemic circulation (C<sub>max</sub>), ii) time to reach this concentration (T<sub>max</sub>), and iii) time-drug concentration area under the curve (AUC). If the bioavailability of two drug products is similar, the drug products are called bioequivalent. Q & A Session was also held.

The co-convener Ms. N. Madhuri, Assistant Professor thanked Speaker, Principal and the management of VIPT for giving support and encouraging the team to organize the seminar.

## REPORT

Workshop was organized on *Patent Application Procedure*

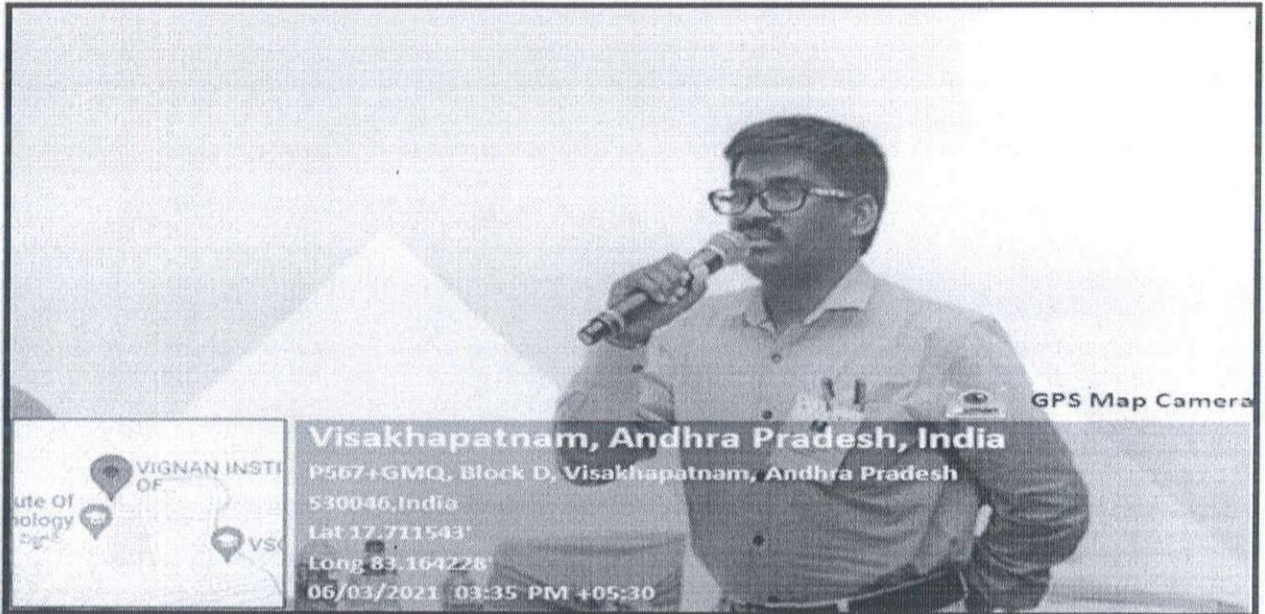

A one day workshop was organized on Patent Application Procedure on 06<sup>th</sup> March 2021 by VIPT, Duvvada. B.Pharmacy student attended this seminar Dr.Y. Srinivasa Rao, Principal; VIPT delivered a welcome speech enlightened about the seminar and importance attached to the seminar.

After inauguration, convener Dr. D. Vasudha, Associate Professor introduced the speaker Dr. Rama Rao Malla, Head & Associate professor Department of Biochemistry, GITAM Deemed University gave his valuable presentation covering the topics on overview of Patent Filing procedure as most of them are unaware about the importance of patenting and their ideas and innovations are killed in the campus itself. All are in the myth that filing a patent application is a very expensive affair and they have to hire a patent attorney for this job. However, no one can understand the invention better than the inventors themselves. The main aim of this workshop is to make aware of the participant step by step procedure for obtaining patents in India, different types of forms to be used, fee schedule etc. We are sure that after attaining this workshop participant will be able to formulate patent application themselves with complete specifications and claims. Research Scholars, students will be able to protect his/her idea before start of their work simply by filing a provisional application. Q & A Session was also held.

The co-convener Mrs. R. Deepthi, Assistant Professor thanked the management of VIPT for giving support and encouraging the team to organize the seminar.

## ABOUT THE INSTITUTION

Vignan Institute of Pharmaceutical Technology (VIPT) is one of the constituent colleges of Vignan Institutions well known for quality education with Global standards and Indian values. VIPT was established in 2006 with a view to provide job oriented professional courses in Pharmacy, VIPT offers B.Pharmacy., M.Pharm., PharmD. Programs. The College is Affiliated to the JNTU Kakinada, approved by the All India Council for Technical Education (AICTE), Pharmacy Council of India (PCI), Govt. of Andhra Pradesh. The College is ISO 9001:2015 & ISO 14001:2015 & ISO 45001:2018 Certified for its safety and waste disposal methods employed. The infrastructure available makes the college a conducive academic learning that provides students with good quality education in a clean, comfortable environment. The college is presently one of the largest graduate, postgraduate and research institutions in Andhra Pradesh imparting quality Pharmaceutical Education.

## REPORT

Seminar was organized on *Technical Documentation in BA/BE Studies: A Research Programme*

A one day seminar was organized on Technical Documentation in BA/BE Studies: A Research Programme on 20<sup>th</sup> February 2021 by VIPT, Duvvada. Pharm.D student attended this seminar Dr.Y. Srinivasa Rao, Principal; VIPT delivered a welcome speech enlightened about the seminar and importance attached to the seminar.

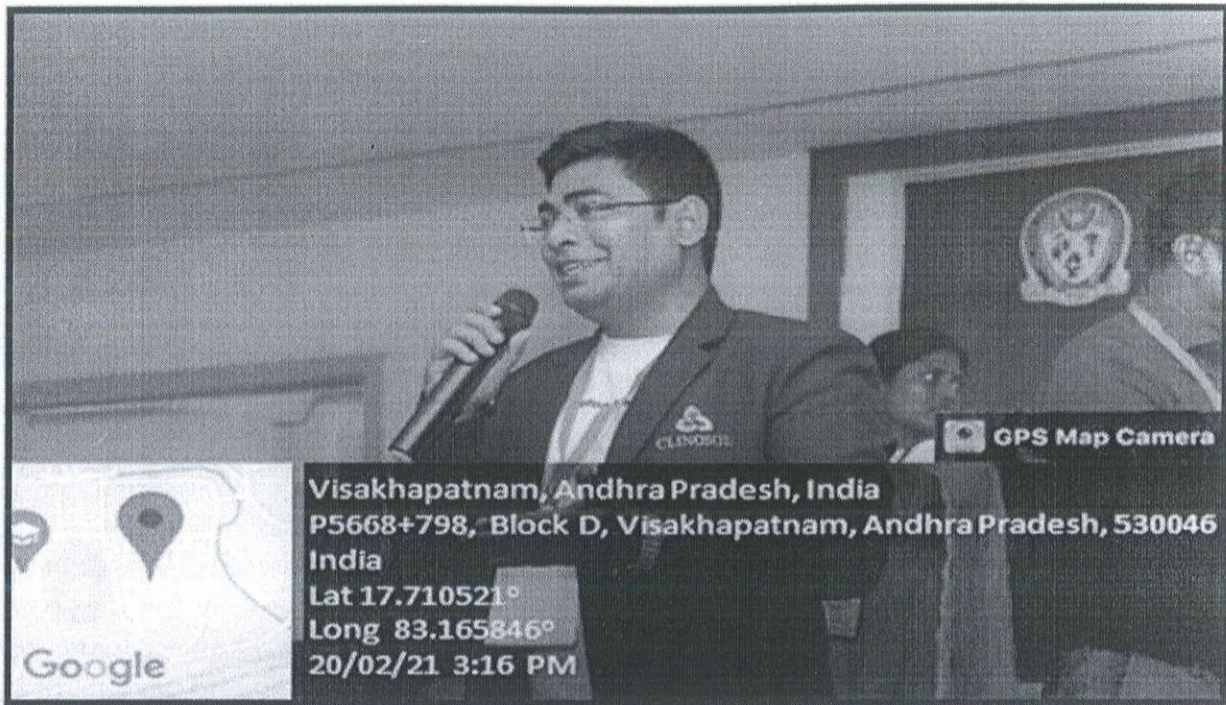

After inauguration, convener Mr. Vinod Kumar Mugada, Assistant Professor introduced the speaker Mr. Mujeebuddin Shaik, Founder and CEO Clinosol Research, he gave his valuable presentation covering the topics on overview of technical documentation, importance of technical documentation, Technical documentation in SDLC, steps to create incredible technical documentation and Do's and don'ts of technical documentation. The speaker explained the importance of technical documentation as presenting the product in a way that's easy to use, read, understand, and *actually help your audience*. These documents are created in various industries, for example, in engineering, medicine, IT, marketing, and so on. Q & A Session was also held.

The co-convener Ms. P.Radhika, Assistant Professor thanked the management of VIPT for giving support and encouraging the team to organize the seminar.

## ABOUT THE INSTITUTION

Vignan Institute of Pharmaceutical Technology (VIPT) is one of the constituent colleges of Vignan Institutions well known for quality education with Global standards and Indian values. VIPT was established in 2006 with a view to provide job oriented professional courses in Pharmacy, VIPT offers B.Pharmacy., M.Pharm., PharmD. Programs. The College is Affiliated to the JNTU Kakinada, approved by the All India Council for Technical Education (AICTE), Pharmacy Council of India (PCI), Govt. of Andhra Pradesh. The College is ISO 9001:2015 & ISO 14001:2015 & ISO 45001:2018 Certified for its safety and waste disposal methods employed. The infrastructure available makes the college a conducive academic learning that provides students with good quality education in a clean, comfortable environment. The college is presently one of the largest graduate, postgraduate and research institutions in Andhra Pradesh imparting quality Pharmaceutical Education.

## RESOURCE PERSON

### Dr. R. Srinivas

FTAS, FAPAS, FRSC  
Emeritus Scientist  
Professor, ASIR  
CSIR-IICT

**PROFILE:** Current position in Indian Institute of Chemical Technology, Analytical Sciences Research Area (IICT) Hyderabad, India, Head of Department. Academic expertise in Indian Institute of Technology Madras, Field of study, chemistry. Skills and Expertise in Tandem Mass Spectrometry, Spectrometry, Peptides, Drug Metabolism, Drug Degradation Pathways, ESI-MS. 227 research publication in various international journals with 32865 reads and 3296 citations. Peer reviewer and editorial member of many international journals indexed with Scopus like European journal of mass spectrometry. Honored with various awards like Fellow of Royal Society of Chemistry (London), Fellow of Andhra Pradesh Academy of Sciences, Eminent Mass Spectrometric, Senior DAAD fellowship, DAAD (German Academic Exchange).

### Local Organizing Committee:

#### Convener:

Dr. D. Vasudha  
Associate Professor

#### Co-Convener:

Dr. Ch. Prasad  
Associate Professor

## REPORT

Webinar was organized on *Advances in Analytical Testing Tools for the Pharma R&D*:

A one day webinar was organized on Advances in Analytical Testing Tools for the Pharma R&D on 4<sup>th</sup> February 2021 by VIPT, Duvvada. B.pharmacy student attended this seminar.

Dr. D. Vasudha, Associate Professor, VIPT delivered a welcome speech enlightened about the seminar and importance attached to the seminar.

After inauguration, the speaker Dr. R. Srinivas, FTAS, FAPAS, FRSC Emeritus Scientist, Professor, Academy of Scientific & Innovative Research Analytical Department, CSIR-IICT, Tarnaka, Hyderabad gave his valuable presentation covering the topics on overview of how advances in analytical testing tools have helped address challenges in pharmaceutical analysis, How have the tools for analytical testing of small molecules and biologics evolved over the past 10 years, What are the most significant recent advances in analytical testing tools that have helped speed up and improved the success rate of drug development, Analytical methodology and Data interpretation. Q & A Session was also held.

The Co-Convener Dr. Ch. Prasad, Associate professor thanked the management of VIPT for giving support and encouraging the team to organize the seminar.

### Dr. Ramachandra Rao Sangana.

Senior Principal Scientist,  
PKS-NIBR,  
Novartis Healthcare Private Limited,  
Hyderabad

**PROFILE:** Ramachandra Sangana joined PKS-Novartis, Hyderabad in Nov-2014. Ramachandra has 13+ years' experience in DMPK, supporting drug discovery and development. Prior to joining Novartis, Ramachandra worked at Glenmark Pharmaceuticals and Piramal Enterprises Limited. Ramachandra has extensive experience in IND applications and was actively involved in out licensing deals of NCE's with various partners. Ramachandra had involved in filing of 6 IND applications in his career so far and had 11 research publications in peer reviewed journals. Ramachandra obtained his B.Pharm , M.Pharm (Pharmacology) and Ph.D degrees from Andhra University, Visakhapatnam, India. His areas of interest include translation of PK and PD from pre-clinic to clinic, population PK analysis and drug interactions.

## REPORT

Seminar was organized on *Career Prospects in Entrepreneur Development:*

A one day seminar was organized on Career Prospects in Entrepreneur Development on 23<sup>rd</sup> January 2021 by VIPT, Duvvada. B.pharmacy student attended this seminar.

Dr. P. V. Kamala Kumari, Professor, VIPT delivered a welcome speech enlightened about the seminar and importance attached to the seminar.

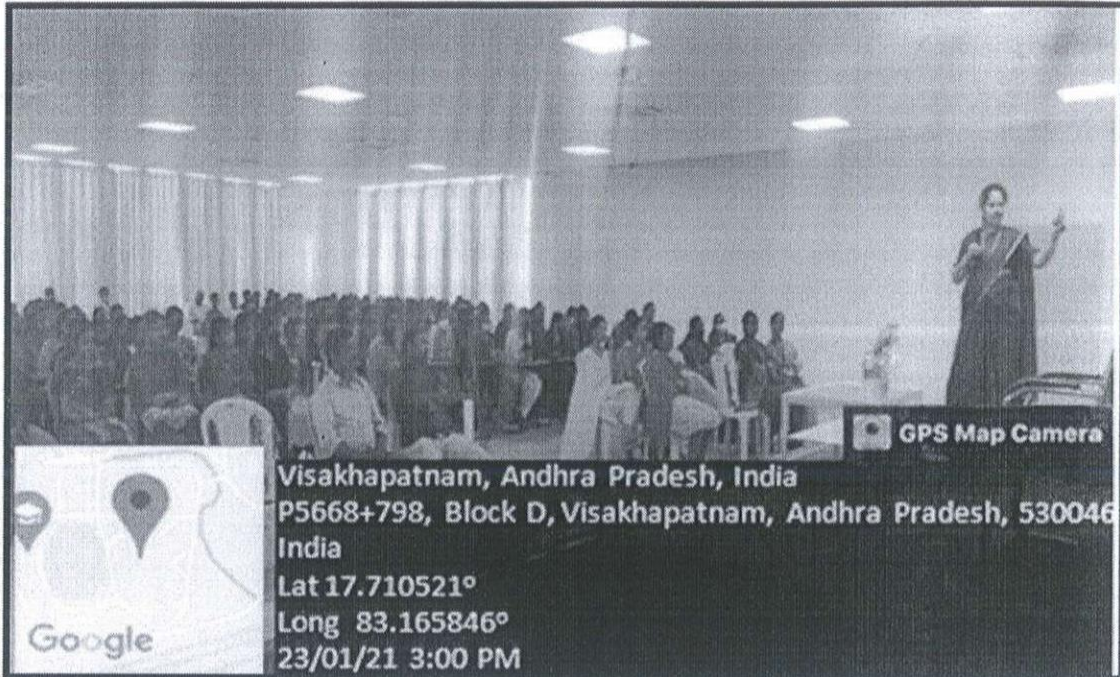

After inauguration, the speaker Mrs. Madhuri Kommoju, Sr. Market Analyst (NBD & Marketing), Ashland. Inc, gave her valuable presentation covering the topics on Introduction of Career Prospects in Entrepreneur Development, Careers and Entrepreneurship, various career Theories in Entrepreneurship Research, the framework of sustainable corporate entrepreneurship & how to launch the entrepreneur Venture & also explain what are the steps involved in entrepreneur venture. If you have plans for joining the start-up ecosystem, perhaps you should ponder over these questions, first: Do you have a unique idea/concept for starting up? Will you be able to develop a 'people and product' network to facilitate your business objectives? Have you developed clear and defined processes that encompass the development, promotion and delivery of the product or service? Have you provisioned for funds sufficient enough for your idea to take off and ensure business sustainability until revenue generation? Q & A Session was also held.

The Co-Convener Mrs. A. Swathi Annapurna, Assistant Professor thanked the management of VIPT for giving support and encouraging the team to organize the seminar.

## ABOUT THE INSTITUTION

Vignan Institute of Pharmaceutical Technology (VIPT) is one of the constituent colleges of Vignan Institutions well known for quality education with Global standards and Indian values. VIPT was established in 2006 with a view to provide job oriented professional courses in Pharmacy, VIPT offers B.Pharmacy., M.Pharm., PharmD. Programs. The College is Affiliated to the JNTU Kakinada, approved by the All India Council for Technical Education (AICTE), Pharmacy Council of India (PCI), Govt. of Andhra Pradesh. The College is ISO 9001:2015 & ISO 14001:2015 & ISO 45001:2018 Certified for its safety and waste disposal methods employed. The infrastructure available makes the college a conducive academic learning that provides students with good quality education in a clean, comfortable environment. The college is presently one of the largest graduate, postgraduate and research institutions in Andhra Pradesh imparting quality Pharmaceutical Education.

## RESOURCE PERSON

### Mrs. Madhuri Kommoju

Sr. Market Analyst  
(NBD & Marketing)  
Ashland, Inc

**PROFILE:** Current working as senior market analyst in Ashland previous experience in Team lead at Data monitor, senior researcher from Data monitor and pharma analyst at med track. A competent professional with over 16 years of experience in the areas of consumer market research, business research with strong hold in delivering insights on markets and companies in both qualitative (database, models, market sizing) and quantitative (reports, presentations, profiles) forms. Master in pharmacy from Jawaharlal Nehru technological university and Andhra University Sectors worked on – Chemicals, Life science, Pharmaceuticals, Nutrition, Agchem and Health & wellbeing. Honored by Global Women Leadership Award 2014, Certificate of Excellence-market research 2013, and AWIN Business impact award by Ashland. .

### Local Organizing Committee:

#### Convener:

Dr. P.V.Kamala Kumari,  
Professor

#### Co-Convener:

Dr. K. Gana Manjusha,  
Associate Professor

Interested candidates please contact and enroll.

## ABOUT THE INSTITUTION

Vignan Institute of Pharmaceutical Technology (VIPT) is one of the constituent colleges of Vignan Institutions well known for quality education with Global standards and Indian values. VIPT was established in 2006 with a view to provide job oriented professional courses in Pharmacy, VIPT offers B.Pharmacy., M.Pharm., PharmD. Programs. The College is Affiliated to the JNTU Kakinada, approved by the All India Council for Technical Education (AICTE), Pharmacy Council of India (PCI), Govt. of Andhra Pradesh. The College is ISO 9001:2015 & ISO 14001:2015 & ISO 45001:2018 Certified for its safety and waste disposal methods employed. The infrastructure available makes the college a conducive academic learning that provides students with good quality education in a clean, comfortable environment. The college is presently one of the largest graduate, postgraduate and research institutions in Andhra Pradesh imparting quality Pharmaceutical Education.

## RESOURCE PERSON

### Mr. Vinod Kumar Mugada

Assistant Professor,  
VIPT- Duvvada

**PROFILE:** Vinod Kumar mugada currently working as Assistant Professor, at Vignan Institute of pharmaceutical technology specialized in pharmacy practice field with overall more than 10 years of professional experience in higher education sectors.. Areas of expertise in Clinical Pharmacy, Human Anatomy and Physiology, Pharmacoepidemiology And Pharmacoconomics, Pharmacotherapeutics, Community Pharmacy. His on-going doctoral project is focus on Quality of life (QOL) of cancer patients receiving palliative chemotherapy. He has 14 national research publications, 02 international research publications and 02 international conferences to his name. His previous experience is with Aditya College of pharmacy, surampalem, Kakinada

### Local Organizing Committee:

#### Convener:

Dr. M.Saritha  
Professor

#### Co-Convener:

Dr. P. Pratyusha  
Assistant professor

## REPORT

Seminar was organized on **Research Data management in SPSS:**

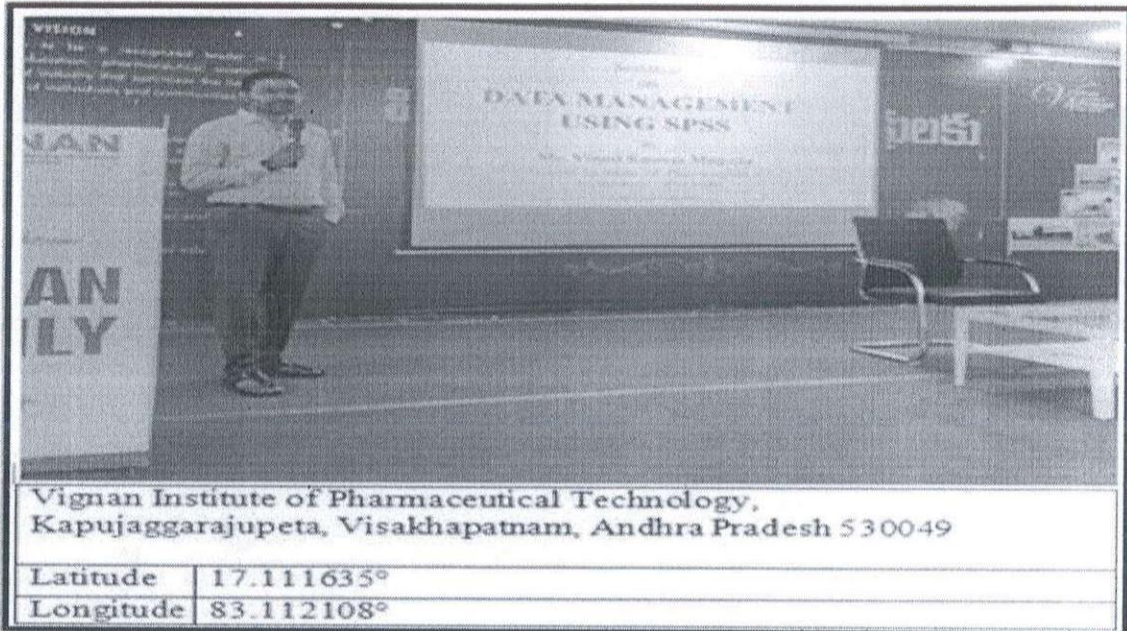

A one day seminar was organized on Data management in SPSS on 5<sup>th</sup> December 2020 by VIPT, Duvvada. B.pharmacy and pharma D students attended this seminar Dr. Y. Srinivasa Rao, Principal; VIPT delivered a welcome speech enlightened about the seminar and importance attached to the seminar. After inauguration, the speaker Mr. Vinod Kumar Mugada, Assistant Professor, Vignan Institute of Pharmaceutical Technology, Duvvada gave his valuable presentation covering the topics on overview of Data management in SPSS the Statistical Package for the Social Sciences and how does SPSS works and how to run simple statistical analysis of data for research purpose. Some of his words goes SPSS holds data in the same way as many other programs, with columns dedicated to different variables, and one observation (or participant) per row. This is the main way to view your data in SPSS, though you can also view just the list of variables in the dataset as well. These two data views have different uses; the variable view allows you to label categories, rename variables, and change each variable's type, but does not allow you to see the data or edit any actual data entries. The data viewer lets you see the data for each variable, but also just looks like a wall of numbers. Switching between the two views is as easy as double clicking on a variable's number (in variable view) or a variable's name (in data view), holding CTRL and pressing T, or selecting the view format from the tabs at the bottom of either window. Q & A Session was also held.

The convener Dr. M.Saritha, Professor thanked the management of VIPT for giving support and encouraging the team to organize the seminar.

## REPORT

Workshop was organized on *How to Write a Research Proposal*:

A one day workshop was organized on How to Write a Research Proposal on 23<sup>th</sup> November 2020 by VIPT. Duvvada. M. Pharmacy students attended this seminar.

Mr.P.Balakrisnaiah, VIPT delivered a welcome speech enlightened about the seminar and importance attached to the seminar. After inauguration, the speaker Prof.Y.Srinivasa Rao, Vignan Institute of Pharmaceutical Technology, Duvvada gave his valuable presentation covering the topics on overview of How to Write a Research Proposal and what is the goat of a research proposal, literature review, research design methods and schedule. Most importantly speaker focuses on questions like What is the goal of a research proposal? How long should a research proposal be?, Research proposal structure, Background significance, Suppositions and implications. A research proposal is a simply a structured, formal document that explains what you plan to research (i.e. your research topic), why it's worth researching (i.e. your justification), and how you plan to investigate it (i.e. your practical approach). Discussed various parts of research proposal like TITLE. Your title should give a clear indication of your proposed research approach or key question. Background and Rationale. One should include Research Question(S), Research Methodology, Plan of Work & Time Schedule, and Bibliography. Q & A Session was also held.

The Co-convener Ms.K. Jeevitha thanked the management of VIPT for giving support and encouraging the team to organize the seminar.

## REPORT

Seminar was organized on *Impact of Product Patent in Indian scenario:*

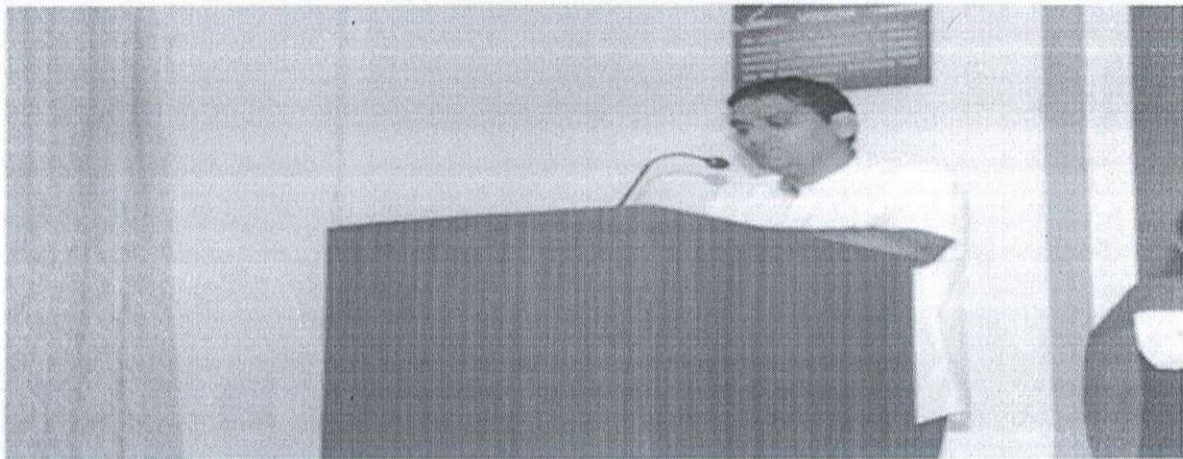

A one day seminar was organized on Impact of Product Patent in Indian scenario on 28<sup>th</sup> October 2020 by VIPT, Duvvada. B.pharmacy student attended this seminar Dr. Y. Srinivasa Rao, Principal; VIPT delivered a welcome speech enlightened about the seminar and importance attached to the seminar. After inauguration, the speaker Dr.K. Bhanu Prasad MD, Apogen Remedies Pvt Ltd Genome Valley, Biotech Park, Hyderabad gave his valuable presentation covering the topics on overview of procedure for filling applications for registration and Importance of patents and procedure for grant of patent in India. A patent, granted by the government, gives an exclusive right to an inventor to make, use, and sell his invention. This exclusive right is for a limited period of 20 years from the date of filing. The fundamental idea is to safeguard the inventions that are created and therefore, encourage more developments

The co convener Dr. D. Vasudha, Associate Professor thanked the management of VIPT for giving support and encouraging the team to organize the seminar. Q & A Session was also held.

## ABOUT THE INSTITUTION

Vignan Institute of Pharmaceutical Technology (VIPT) is one of the constituent colleges of Vignan Institutions well known for quality education with Global standards and Indian values. VIPT was established in 2006 with a view to provide job oriented professional courses in Pharmacy, VIPT offers B.Pharmacy., M.Pharm., PharmD. Programs. The College is Affiliated to the JNTU Kakinada, approved by the All India Council for Technical Education (AICTE), Pharmacy Council of India (PCI), Govt. of Andhra Pradesh. The College is ISO 9001:2015 & ISO 14001:2015 & ISO 45001:2018 Certified for its safety and waste disposal methods employed. The infrastructure available makes the college a conducive academic learning that provides students with good quality education in a clean, comfortable environment. The college is presently one of the largest graduate, postgraduate and research institutions in Andhra Pradesh imparting quality Pharmaceutical Education.

## RESOURCE PERSON

### Dr. K. Bhanu Prasad

MD, Apogen Remedies Pvt Ltd  
Genome Valley, Biotech Park,  
Hyderabad

**PROFILE:** Dr. Bhanu Prasad has over 20 years of hands on experience in Pharmaceutical Quality Control, Quality Assurance, GxP Practices, Documentation etc. in Top Pharmaceutical Industries of India and Canada. He was awarded Ph. D. for his thesis on Analytical Method Development and Validations in compliance with National, Regional & International Regulatory Guidelines. He was associated for about two decades with experience Indian and Canadian Pharmaceutical industries in Technology Transfer, Analytical Laboratory Management, Stability study, Instrument Calibration, Equipment Qualification (DQ,IQ,OQ,PQ), Facility, Analytical Method, Process, Cleaning Validation, Documentation and Document Review, Employee induction / Orientation and on the job Training, Vendor Qualification, Internal and External GMP Audits.

### Local Organizing Committee:

#### Convener:

Dr. P.V. Kamala Kumari  
Professor

#### Co-Convener:

Dr. D. Vasudha,  
Associate Professor

## REPORT

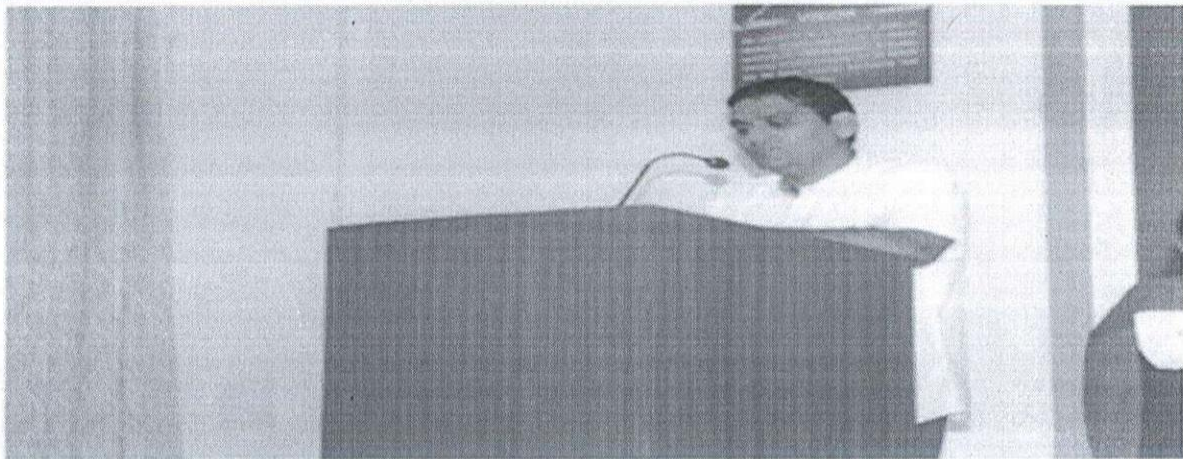

Seminar was organized on *Impact of Product Patent in Indian scenario:*

A one day seminar was organized on Impact of Product Patent in Indian scenario on 28<sup>th</sup> October 2020 by VIPT, Duvvada. B.pharmacy student attended this seminar Dr. Y. Srinivasa Rao, Principal; VIPT delivered a welcome speech enlightened about the seminar and importance attached to the seminar. After inauguration, the speaker Dr.K. Bhanu Prasad MD, Apogen Remedies Pvt Ltd Genome Valley, Biotech Park, Hyderabad gave his valuable presentation covering the topics on overview of procedure for filling applications for registration and Importance of patents and procedure for grant of patent in India. A patent, granted by the government, gives an exclusive right to an inventor to make, use, and sell his invention. This exclusive right is for a limited period of 20 years from the date of filing. The fundamental idea is to safeguard the inventions that are created and therefore, encourage more developments

The co convener Dr. D. Vasudha, Associate Professor thanked the management of VIPT for giving support and encouraging the team to organize the seminar. Q & A Session was also held.

## REPORT

Seminar was organized on “**Opportunity evaluation, Considerations and Process in start-ups An Entrepreneurship Programme**”

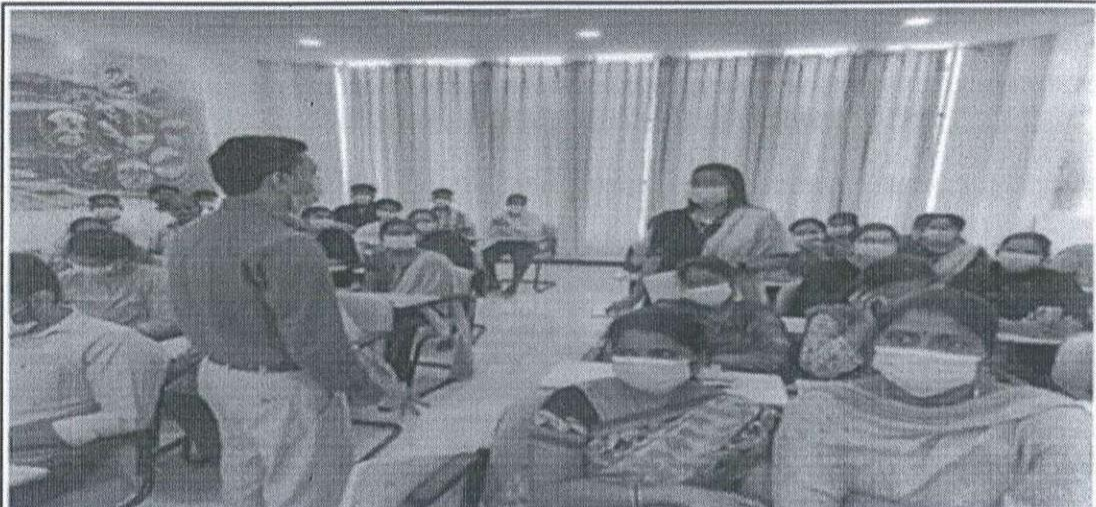

A one-day seminar was organized on “Opportunity evaluation, Considerations and Process in start-ups An Entrepreneurship Programme” on October 10, 2020, with Mr. Srinu Madem, resource person, NISM as the chief guest. The event was formally inaugurated by Dr. Y. Srinivasa Rao, Principal, of Vignan Institute of Pharmaceutical Technology. The resource person of the day was welcomed by Dr. D. Vasudha, Associate Professor. Other heads of various departments of the institute were present for the inaugural function. The speaker explained the current economic scenario in India. He also promoted the policies and opportunities provided by the Indian government in showing greater enthusiasm to increase the GDP rate of growth from grass root levels with the introduction of liberal policies and initiatives for entrepreneurs like "Make in India," 'Start-up India', MUDRA, etc. He emphasized that "Make in India" is a great opportunity for Indian start-ups, with the government going full hog on developing entrepreneurs. He also emphasized that there are numerous hurdles in the start-up field, spanning from financing to human resources and from launch to sustained growth with tenacity. He explained the plethora of opportunities available for start-ups offering products and services ranging from food, retail, and hygiene to solar and IT applications for day-to-day problems which could be delivered at affordable prices. A Q&A session was held followed by a Vote of thanks given by Mrs. R. Deepthi, Assistant Professor. A Total of 90 students attended the seminar.

## ABOUT THE INSTITUTION

Vignan Institute of Pharmaceutical Technology (VIPT) is one of the constituent colleges of Vignan Institutions well known for quality education with Global standards and Indian values. VIPT was established in 2006 with a view to provide job oriented professional courses in Pharmacy, VIPT offers B.Pharmacy., M.Pharm., PharmD. Programs. The College is Affiliated to the JNTU Kakinada, approved by the All India Council for Technical Education (AICTE), Pharmacy Council of India (PCI), Govt. of Andhra Pradesh. The College is ISO 9001:2015 & ISO 14001:2015 & ISO 45001:2018 Certified for its safety and waste disposal methods employed. The infrastructure available makes the college a conducive academic learning that provides students with good quality education in a clean, comfortable environment. The college is presently one of the largest graduate, postgraduate and research institutions in Andhra Pradesh imparting quality Pharmaceutical Education.

## RESOURCE PERSON

**Dr. V. Krishna Murthy.**  
Managing Director,  
R.K.Hospitals.

**PROFILE:** With more than 25 years of expertise in General medicine, Dr. V. Krishna Murthy is a reputable and highly qualified medical professional. He has received many honors for providing high-quality, patient-centered care, and is well-liked in the Gajuwaka community. The relationships that Dr. V. Krishna Murthy forms with his patients throughout the course of their lives and his satisfaction of seeing them remain healthy and well are what fuel his devotion. In Visakhapatnam,. The doctor is adamant about providing patients with better options out of pure devotion. Realizing the necessity for general practitioners in the city and for windows to improve one's health with the ever-increasing and changing lifestyle.

## REPORT

A one-day seminar was organized on "Medical Research Principles" on 26.11.2020, with Dr. V. Krishna Murthy, Managing Director, R.K. Hospital, and Gajuwaka. as the chief guest. The event was formally inaugurated by Dr. Y. Srinivasa Rao, Principal, of Vignan Institute of Pharmaceutical Technology. The resource person of the day was welcomed by Dr. K. Rajkiran, Professor. The seminar theme was designed to stimulate healthcare professionals to perform report and publish their clinical research to help improving the healthcare system in general. He focused on developing relevant research questions and selecting the best clinical trial design based on moral standards. He also discussed how to use the fundamental features of a statistical software package and how to correctly evaluate the outcomes of statistical analysis. He discussed how to write effective articles using important concepts and techniques, as well as the fundamentals of article publication and the reviewing process. The conference came to a close with a discussion about the state of biomedical research in India. He explained the basic principles of article publication and the reviewing process, and use key tools and concepts to write effective articles. The seminar ended by a discussion on biomedical research status in India. The current patient file system, the knowledge of research methodology, the staff evaluations and promotions in medical universities, and the importance of team works spirit are among discussed issues. A Q&A session was held followed by a Vote of thanks given by Dr. Santosh Kumar Ranajit, Associate Professor.

## REPORT

A one-day seminar was organized on “CPCSEA Guidelines for Animal Facility in clinical Research” on 29.10.2020, with Dr. K. Raj Kiran, Professor, Vignan Institute of Pharmaceutical as the chief guest. The event was formally inaugurated by Dr. Y. Srinivasa Rao, Principal, Vignan Institute of Pharmaceutical Technology. The resource person of the day was welcomed by Dr. Santosh Kumar Ranajit, Associate Professor. Other heads of various departments of the institute were present for the inaugural function. The speaker explained the various CPSCEA guidelines. He emphasized on various techniques of quarantine, stabilization and separation of lab animals. He also described various methods of Surveillance, diagnosis, treatment and control of diseases in animals. He explained the importance of animal care. Various guidelines on animal experimentation involving hazardous agents were discussed. He emphasized multiple surgical procedures on signal animal. He also emphasized that guidelines are important to promote the humane care of animals used in biomedical and behavioural research and testing with the basic objective of providing specifications that will enhance animal well being, quality in the pursuit of advancement of biological knowledge that is relevant to humans and animals. Various other guidelines regarding lab animals were discussed and a comprehensive Q&A session was held followed by a Vote of thanks given by Mr. P. Srinu, Assistant Professor. A total of 85 students attended the seminar.

## ABOUT THE INSTITUTION

Vignan Institute of Pharmaceutical Technology (VIPT) is one of the constituent colleges of Vignan Institutions well known for quality education with Global standards and Indian values. VIPT was established in 2006 with a view to provide job oriented professional courses in Pharmacy, VIPT offers B.Pharm., M.Pharm., Pharm.D. Programmes. The College is Affiliated to the JNTU Kakinada, approved by the All India Council for Technical Education (AICTE), Pharmacy Council of India (PCI), Govt. of Andhra Pradesh. The College is an ISO 9001:2015, ISO 14001:2015 & ISO 45001:2018 Certified for its safety and waste disposal methods employed. The infrastructure available makes the college a conducive academic learning that provides students with good quality education in a clean, comfortable environment. The college is presently one of the largest graduate, postgraduate and research institutions in Andhra Pradesh imparting quality Pharmaceutical Education.

## RESOURCE PERSON

### Mr. V.J Srinivas

HR Manager  
Dr Reddy's Laboratories Pvt Ltd  
Visakhapatnam.

**PROFILE:** HR professional having progressive experience in HR operations, specialized in Recruitment, on boarding, Learning & Development, compensation & benefits, payroll, Competence Development, Performance Management, Employee Relations & engagement, Employee Satisfaction Survey and well-being. ## REPORT

Seminar was organized on “**Leading Entrepreneurship Progression**”:

A one-day seminar was organized on “**Leading Entrepreneurship Progression**” on 21.11.2020, with Mr. V.J Srinivas, HR Manager, Dr Reddy’s Laboratories Pvt Ltd, as the chief guest. The event was formally inaugurated by Dr. Y. Srinivasa Rao, Principal, Vignan Institute of Pharmaceutical Technology. The resource person of the day was welcomed by Dr. K. Purna Naga Shree, Associate Professor. Other heads of various departments of the institute were present for the inaugural function. The guest emphasized the role of Entrepreneurship as a critical role to play in sustainable development and poverty eradication. He emphasized it has the potential to stimulate economic growth through job creation; help formalize businesses; create opportunities for and thereby empower disadvantaged groups such as youth and women; and strengthen local productive capacity by developing linkages with transnational corporations and thereby indirectly maximize the impact of foreign investment. . He emphasized that this seminar is very important to have a impressive personality and also to inculcate leadership skills, communication and inter personal skills. The session covered on aspects, Business opportunities in Pharmaceutical Industry, Technical Assistant Facilities, Protection of Business Idea (Intellectual Rights He urged the students that, given the growing importance and visible impact of entrepreneurship in wealth creation and job creation, they should regard it as critical to India's growth and development. He explained knowledge, methodology, insights, skills and practical approaches to better explain what leadership is. A comprehensive Q&A session was held followed by a Vote of thanks given by Dr. K. Gana Manjusha, Associate Professor.
