

## ABOUT THE INSTITUTION

Vignan Institute of Pharmaceutical Technology (VIPT) is one of the constituent colleges of Vignan Institutions well known for quality education with Global standards and Indian values. VIPT was established in 2006 with a view to provide job oriented professional courses in Pharmacy, VIPT offers B.Pharmacy., M.Pharm., PharmD. Programs. The College is Affiliated to the JNTU Kakinada, approved by the All India Council for Technical Education (AICTE), Pharmacy Council of India (PCI), Govt. of Andhra Pradesh. The College is ISO 9001:2015 & ISO 14001:2015 & ISO 45001:2018 Certified for its safety and waste disposal methods employed. The infrastructure available makes the college a conducive academic learning that provides students with good quality education in a clean, comfortable environment. The college is presently one of the largest graduate, postgraduate and research institutions in Andhra Pradesh imparting quality Pharmaceutical Education.

## RESOURCE PERSON

**Prof. G. Chandhra Sekhara Rao**  
Professor  
Yalamarty Pharmacy College

**PROFILE:** Dr. G. Chandhra Sekhara Rao, a Professor at Yalamarty College of Pharmacy, has 52 publications in national and international journals. So far, he has mentored 44 M.Pharm students and 4 Ph.D. scholars at J.N.T.U. (H). He also offered to teach at Libya's Al Zawiya University (the Seventh of April University). In addition, he worked at CRIPS Laboratories Ltd. in Visakhapatnam. He has over 20 years of teaching experience and 6 years of industry experience. He has also held roles such as Chief Superintend of Examinations and Head of The Department of Pharmaceutical Technology. Peer reviewer and editor in many international and national level publications cum scientific evaluator in many IPC and IPA level bodies.

## REPORT

A one-day seminar was organized on "Art and Science of Reporting Research" on 16.03.2020,

Convener Mrs. A.Swathi Annapurna welcomes Principal Dr. Y.Srinivasa Rao and speaker of the day Prof. G. Chandhra Sekhara Rao, Yalamarty college of Pharmacy.

The event was formally inaugurated by Dr. Y. Srinivasa Rao, Principal, of Vignan Institute of Pharmaceutical Technology and introduced the speaker of the session to share his view on the programme. Other heads of various departments of the institute were present for the inaugural function. The speaker explained the various aims and forms of scientific writing .he explained various word processor and electronic manuscripts methods. He also emphasized on the various methodology involved in collecting the literature and citing different articles. Many standard reference formats were discussed .different statistical analysis procedures use of selected quantities ,units ,constant used in research paper were discussed .He also explained how good a journal is determined by considering factors such as ISBN, ISSN, Citation Index, Impact Factor. Significance of research paper writing was discussed. Most scientists live in a "publish or perish" environment, but few would describe themselves as brilliant (or enthusiastic) writers. Coming to the aid of all those wishing to improve the quality of their scientific writing -- established researchers and aspiring students alike -- three experienced authors/scientists from differing backgrounds and cultures have compiled this classic guide. This new edition has been completely revised to reflect dramatic changes in communication over the past 15 years. The primary emphasis is on writing techniques, accurate expression, adherence to accepted standards, and above all clarity, but the authors also venture into communication technology and organizational as well as ethical aspects of science.

A Q&A session was held followed by a Vote of thanks given by Ms. N. Madhuri, Co-convener. A total of 95 students attended the seminar.

## REPORT

### Seminar on "*Innovations in Research and Development*"

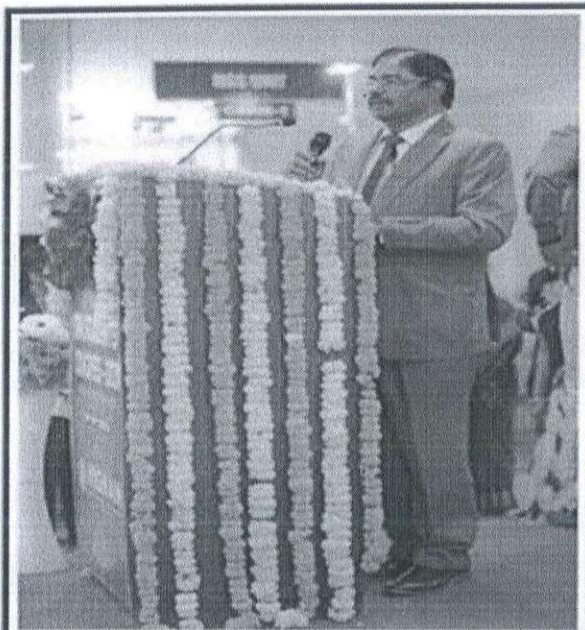

One day seminar on "Innovations in Research and Development" was organized on 10-03-2020 at VIPT, Duvvada campus

Principal, Prof. Y.Srinivasa Rao, inaugurated the session and addressed the speaker and gathering. Convener Dr. P.V.Kamala Kumari, Professor introduced the speaker and its brief bio. Post inauguration the speaker Dr. H. Purushotham, Chairman & Managing Director, National Research Development Corporation interacted with students delivered his valuable thoughts on topic Innovation in Research and Development and focused on Research & Development and Innovation, R&D Models, Real life examples for Innovation & Innovative idea in R & D following by discussion on The activities that are classified as R&D differ from company to company, but there are two basic models. In the first model, the primary function of an R&D group is to develop new products. In the second model, the primary function of an R&D group is to discover and create new knowledge about scientific and technological topics for the purpose of uncovering and enabling development of valuable new products, processes, and services. Under both models, R&D differs from the vast majority of your company's activities, which are generally intended to yield nearly immediate profit or immediate improvements in operations and involve little uncertainty as to the return on investment. Q & A Session conducted.

Co convener Mrs. N.Madhuri delivered vote of thanks and ended the session.

## ABOUT THE INSTITUTION

Vignan Institute of Pharmaceutical Technology (VIPT) is one of the constituent colleges of Vignan Institutions well known for quality education with Global standards and Indian values. VIPT was established in 2006 with a view to provide job oriented professional courses in Pharmacy, VIPT offers B.Pharmacy., M.Pharm., PharmD. Programs. The College is Affiliated to the JNTU Kakinada, approved by the All India Council for Technical Education (AICTE), Pharmacy Council of India (PCI), Govt. of Andhra Pradesh. The College is ISO 9001:2015 & ISO 14001:2015 & ISO 45001:2018 Certified for its safety and waste disposal methods employed. The infrastructure available makes the college a conducive academic learning that provides students with good quality education in a clean, comfortable environment. The college is presently one of the largest graduate, postgraduate and research institutions in Andhra Pradesh imparting quality Pharmaceutical Education.

## RESOURCE PERSON

**Prof. P.V. Kamala Kumari,**  
VIPT – Duvvada  
Visakhapatnam.

**PROFILE:** Currently working as an Professor in Pharmaceutical Sciences with a teaching experience of about 14 years. Area of research interest lies in Pharmaceutical Biotechnology and Pharmaceutical Technology. Involved actively as a member of various committees in organizing various conferences. Has to the credit more than 50 papers in Journals of National and International repute. Served the university in various capacities such as Question paper setter, Reviewer, Internal Examiner, External Examiner, and Valuator. Guiding and motivating the students towards technological research remains the core of research vision.

## Local Organizing Committee:

**Convener:**  
Mrs A. Swathi Annapurna,  
Assistant Professor

**Co-Convener:**  
Ms. N. Madhuri,  
Assistant Professor

Interested candidates please contact and enroll.

## REPORT

Seminar was organized on *Response Surface Methodology in Research*

A one day seminar was organized on *Response Surface Methodology in Research* from 07<sup>th</sup> March 2020 by VIPT, Duvvada. B.pharmacy student attended this seminar

Dr.Y. Srinivasa Rao, Principal, VIPT delivered a welcome speech enlightened about the seminar and importance attached to the seminar.

After inauguration, the speaker Prof. P.V. Kamala Kumari, Vignan Institute of Pharmaceutical Technology, Duvvada gave her valuable presentation covering the topics on different types of Response surface designs, central composite Design and Box Behnken Design, On many occasions, a system (an industrial process, a method of analysis, a synthesis, etc.) is in operation and the researcher wonders about the possibility of improving the results by only changing the values of the parameters that control the operation of the system. This demands exploration of an admissible region of the space where the parameters vary. This involves two stages: (i) to experiment in some points of this region and to obtain the results, and (ii) to make a prediction of the results that would be obtained in the rest of the points by evaluating the reliability of this prediction. After that, the researcher will know if the results from his/her system can be improved, and to what extent and the values of the parameters that will have to be used for it. Q & A Session was also held

The convener Mrs A. Swathi Annapurna, Assistant Professor thanked the management of VIPT for giving support and encouraging the team to organize the seminar..

## REPORT

Workshop was organized on *Entrepreneur's Self Confidence and Self Esteem*

A one day Workshop was organized on *Entrepreneur's Self Confidence and Self Esteem* from 19<sup>th</sup> February 2020 by VIPT, Duvvada. B.Pharmacy & PharmD students attended this Workshop.

Dr. Y. Srinivasa Rao, Principal, VIPT delivered a welcome speech enlightened about the seminar and importance attached to the seminar. After inauguration, the speaker DR Rojeena Mathew, HOD, Training Head ,VIIT-Duvvada gave her valuable presentation covering the topics on Positive Thinking, Training required for improving soft skills, importance of practice, Knowledge sharing and communication in group and individual. Maintain eye contact and smile while you're speaking. Speak at a steady pace so the other person understands what you're saying. Take a few risks like showing some humor. Like confidence, it's infectious so spread it as much as you can. This can help conversations go more smoothly. Don't use 'maybe' words like 'just', 'perhaps' or 'like' as it can undersell what you're trying to say. If you don't consider yourself to be a very confident person then you will find that pretending to be confident is much the same as actually being confident. 2. Communicate clearly: Most of us think being confident depends upon what we say. It doesn't, it depends upon what the other person hears. That's why clear communication is so important. 3. Use humor: Think about the funniest people that you know. Is it true that they also happen to be the most confident? That's because being funny is about taking risks. 4. Find a mentor: Pick a mentor to be a constant reminder of where you want to be and what you need to do to get there. Having them is helpful because it reminds you to be ambitious at all times. 5. Look the part: If you're feeling comfortable, then you're more likely to feel confident. Of course, smart attire is important when attending an interview or presenting, but it's just as important to feel comfortable. 6. Prepare: Preparing fully prior to an important meeting or presentation will help to settle your nerves, get your mind in the frame and ultimately be more confident in your delivery. 7. Think positive: Succumbing to negative thoughts is a weakness that most of us suffer from every once in a while. However, it need not be this way. When a negative thought enters your head, make a point to banish it immediately. Q & A Session was also held.

The convener Mr. K. Varaprasada Rao thanked the management of VIPT for giving support and encouraging the team to organize the seminar.

## ABOUT THE INSTITUTION

Vignan Institute of Pharmaceutical Technology (VIPT) is one of the constituent colleges of Vignan Institutions well known for quality education with Global standards and Indian values. VIPT was established in 2006 with a view to provide job oriented professional courses in Pharmacy, VIPT offers B.Pharmacy., M.Pharm., PharmD. Programs. The College is Affiliated to the JNTU Kakinada, approved by the All India Council for Technical Education (AICTE), Pharmacy Council of India (PCI), Govt. of Andhra Pradesh. The College is ISO 9001:2015 & ISO 14001:2015 & ISO 45001:2018 Certified for its safety and waste disposal methods employed. The infrastructure available makes the college a conducive academic learning that provides students with good quality education in a clean, comfortable environment. The college is presently one of the largest graduate, postgraduate and research institutions in Andhra Pradesh imparting quality Pharmaceutical Education.

## RESOURCE PERSON

**Dr. K. Eswar Kumar,**  
Associate Professor,  
AUCOP.  
Visakhapatnam.

**PROFILE:** Currently working as associated professor and assistant principal at AU College of pharmaceutical sciences. Pursued his Ph.D and master in pharmacology from Andhra University. He has nearly 175 research publications to his name. Honored with Andhra pradesh scientist award-2020 Andhra Pradesh State Council of Science & Technology, Govt. of Andhra Pradesh. Inspirational associate professor award National Science and Technology Management Information System (NSTMIS), Department of Science and Technology (DST). Best research supervisor award dk International Research Foundation (DKIRF)

## REPORT

Seminar was organized on *Exploring use of R's for Clinical Trials*

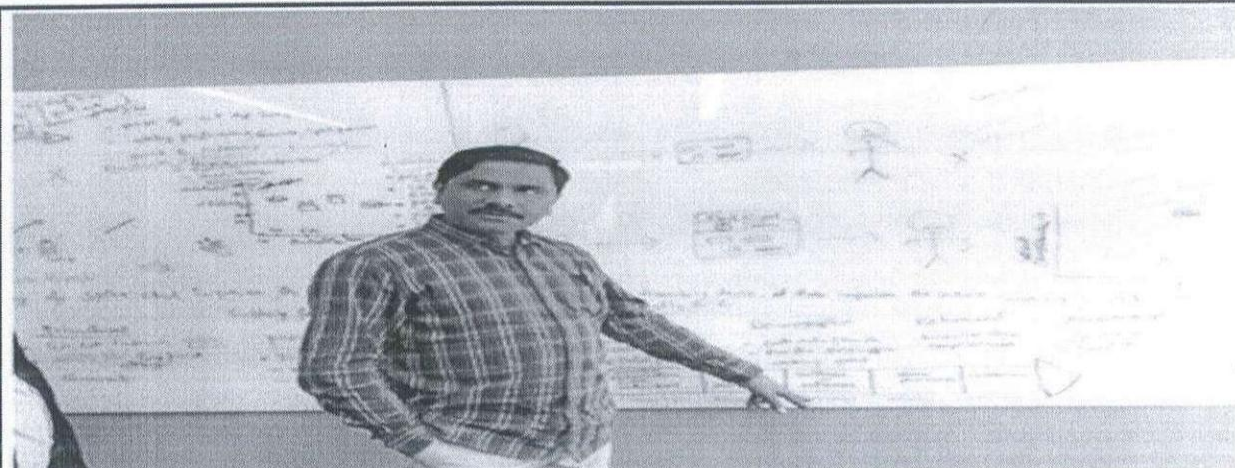

A Two day seminar was organized on *Exploring use of R's for Clinical Trials* from 07<sup>th</sup> to 08<sup>th</sup> February 2020 by VIPT, Duvvada. B.Pharmacy students attended this seminar.

Dr. Y. Srinivasa Rao, Principal, VIPT delivered a welcome speech enlightened about the seminar and importance attached to the seminar. After inauguration, the speaker Dr. K. Eswar Kumar, Associate Professor, AU College of Pharmaceutical Sciences gave his valuable presentation covering the topics on Statistical Analysis and Reporting, Linear and Non-Linear models, Time series Analysis, Forecasting etc. Since last few decades' clinical industry is evolving, and it requires standardization all over the world. SAS played major role in analysis of data for submission. SAS is obvious leader for analysis in health care industry as it is recognized and accepted by regulatory bodies across the world. Industry folks find it easy to learn but expensive one when it comes to individual use. On the other hand, there are software available as open source. R is one of those freeware which is now preferred by academics and other research firms as it is cost effective and easily available compared to SAS. Though SAS is easy to learn and provides simpler coding options, R has stepwise learning depending upon programming language. Many education institute provide opportunity to learn R as part of their curriculum. R has better graphical capabilities too when it comes to data presentation. Also, regulatory bodies never endorse any software to use for submission trial. Any software compliant to regulations and requirements is acceptable. Q & A Session was also held.

The convener Dr. Santosh Kumar thanked the management of VIPT for giving support and encouraging the team to organize the seminar.

## ABOUT THE INSTITUTION

Vignan Institute of Pharmaceutical Technology (VIPT) is one of the constituent colleges of Vignan Institutions well known for quality education with Global standards and Indian values. VIPT was established in 2006 with a view to provide job oriented professional courses in Pharmacy, VIPT offers B.Pharmacy., M.Pharm., PharmD. Programs. The College is Affiliated to the JNTU Kakinada, approved by the All India Council for Technical Education (AICTE), Pharmacy Council of India (PCI), Govt. of Andhra Pradesh. The College is ISO 9001:2015 & ISO 14001:2015 & ISO 45001:2018 Certified for its safety and waste disposal methods employed. The infrastructure available makes the college a conducive academic learning that provides students with good quality education in a clean, comfortable environment. The college is presently one of the largest graduate, postgraduate and research institutions in Andhra Pradesh imparting quality Pharmaceutical Education.

## RESOURCE PERSON

### Dr. M. Murali Krishna

Assistant Professor,  
AUCOPS  
Visakhapatnam.

**PROFILE:** Expert in rational drug design, organic synthesis and chemistry of natural products. Professional experience as Assistant Professor, College of Pharmaceutical Sciences at Andhra University. Doctorate from Andhra University. 40 plus publication to his name in several reputed and Scopus indexed journal some of them like Structure based drug design, synthesis and screening of MmaAI inhibitors as novel anti-TB agents. Computer Assisted Drug Repurposing: A Combination of Shape Based Virtual Screening, Lead identification and optimization for Anti TB activity. Synthesis, screening and docking analysis of novel benzimidazolium compounds as potent antimicrobial agents targeting fsz protein.

### Local Organizing Committee:

#### Convener:

Dr. K. Purna Nagashree  
Associate Professor

#### Co-Convener:

Ms. K. Jeevitha  
Assistant Professor

## REPORT

Seminar was organized on *IPR in Pharmaceutical Industry*

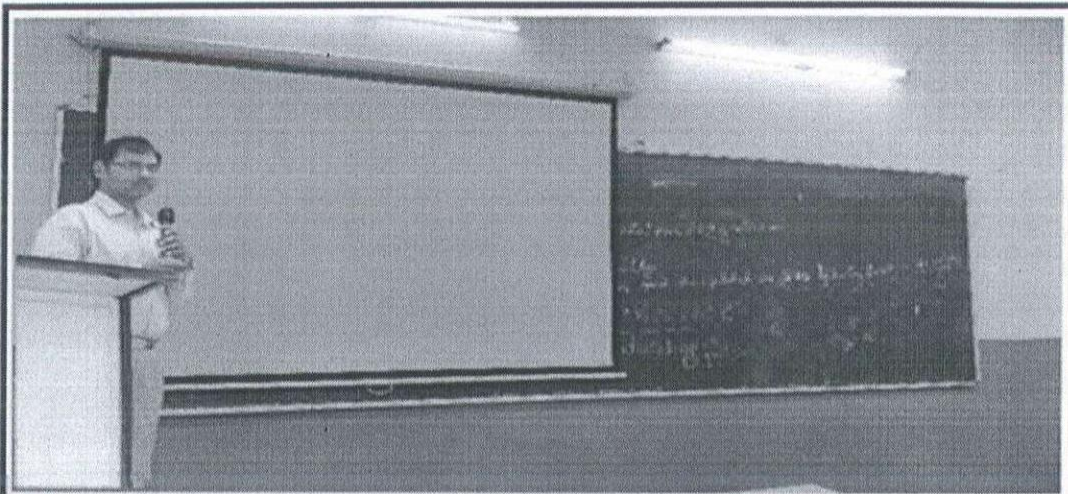

A Two day seminar was organized on *IPR in Pharmaceutical Industry* from 06<sup>th</sup> to 07<sup>th</sup> January 2020 by VIPT, Duvvada. B.Pharmacy & PharmD students attended this seminar.

Dr. Y. Srinivasa Rao, Principal, VIPT delivered a welcome speech enlightened about the seminar and importance attached to the seminar. After inauguration, the speaker Dr M.Murali Krishna, Assistant Professor, AU College of Pharmaceutical Sciences, Visakhapatnam gave his valuable presentation covering the topics on Patents, Industrial Design, Trademarks, Copyrights, Trade secrets. The pharmaceutical industry is one of the evergreen industries in today's high paced world. Whether an economy is on its most stable behavior or in recession mode, a person can fall sick any day or might require his supplement pills. Therefore, it won't be wrong to say that the pharmaceutical industry is a prime source of medical innovation. In a pharmaceutical or biotech company, Intellectual Property (IP) is indeed the most valuable resource, which contributes significantly to the company's future success. IP is the bedrock on which the advancement of new medications and cures takes place. Without Intellectual Property Protection, researchers might not be able to explore new areas of medical innovation and uncover the discoveries that will prompt the treatments, and cures of tomorrow. Q & A Session was also held.

The convener Dr. K. Purna Nagashree thanked the management of VIPT for giving support and encouraging the team to organize the seminar.

## ABOUT THE INSTITUTION

Vignan Institute of Pharmaceutical Technology (VIPT) is one of the constituent colleges of Vignan Institutions well known for quality education with Global standards and Indian values. VIPT was established in 2006 with a view to provide job oriented professional courses in Pharmacy, VIPT offers B.Pharm., M.Pharm., Pharm.D. Programmes. The College is Affiliated to the JNTU Kakinada, approved by the All India Council for Technical Education (AICTE), Pharmacy Council of India (PCI), Govt. of Andhra Pradesh. The College is an ISO 9001:2015, ISO 14001:2015 & ISO 45001:2018 Certified for its safety and waste disposal methods employed. The infrastructure available makes the college a conducive academic learning that provides students with good quality education in a clean, comfortable environment. The college is presently one of the largest graduate, postgraduate and research institutions in Andhra Pradesh imparting quality Pharmaceutical Education.

## RESOURCE PERSON

**Dr Y. Rajendra Prasad**  
Professor,  
AUCOPS  
Visakhapatnam

**PROFILE:** Professional Possess about 30 years of teaching /industrial/research experience. Currently professor and senior most faculty in pharmaceutical chemistry division of AU College of Pharmacy, Andhra University. Published around 130 scientific articles in National and International journals of repute, 70 students took Ph. D under his guidance, executed research projects worth 25 million rupees, won many awards including the AP State Govt. Best Teacher Award and Andhra University Best Researcher

## REPORT

Seminar was organized on *Introduction to Research*:

A two day seminar was organized on Introduction to Research from 23<sup>rd</sup> to 24<sup>th</sup> December 2019 by VIPT. Duvvada. B.Pharmacy students attended this seminar.

Dr.Y. Srinivasa Rao, Principal inaugurated the session. After inauguration, Dr. D.Vasudha, Convenor , Associate professor, VIPT delivered a welcome speech enlightened about the seminar and importance attached to the seminar, the speaker Prof.Y.Rajendra Principal, AU College of pharmaceutical sciences, Visakhapatnam. Prasad, gave his valuable presentation covering the topics on definition of research, Characteristics of scientific knowledge, General approaches to research, Types of research, Qualitative aspects of research, Quantitative aspects of research. The Scientific Method consists of observing the world around you and creating a hypothesis about relationships in the world. A hypothesis is an informed and educated prediction or explanation about something. Part of the research process involves testing the hypothesis, and then examining the results of these tests as they relate to both the hypothesis and the world around you. When a researcher forms a hypothesis, this act like a map through the research study. It tells the researcher which factors are important to study and how they might be related to each other or caused by a manipulation that the researcher introduces (e.g. a program, treatment or change in the environment). With this map, the researcher can interpret the information he/she collects and can make sound conclusions about the results.

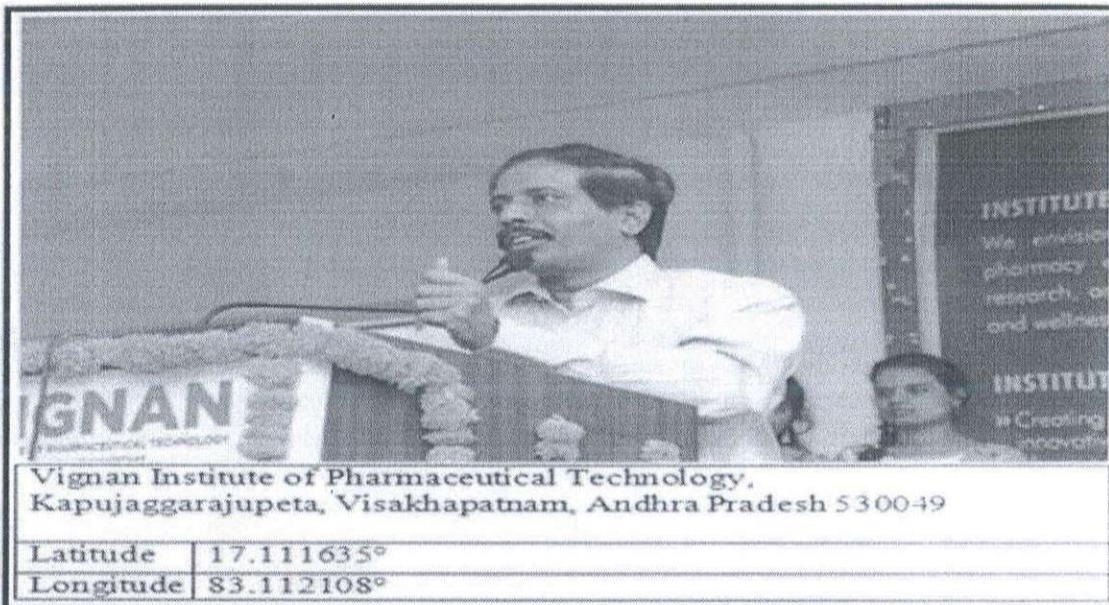

Research can be done with human beings, animals, plants, other organisms and inorganic matter. When research is done with human beings and animals, it must follow specific rules about the treatment of humans and animals that have been created by the U.S. Federal Government. This ensures that humans and animals are treated with dignity and respect, and that the research causes minimal harm.

The convener Dr. D.Vasudha Associate professor thanked the management of VIPT for giving support and encouraging the team to organize the seminar. Q & A Session was also held. Co convenor Mrs. R. Deepthi Assitant Professor gave vote of thanks.

## ABOUT THE INSTITUTION

Vignan Institute of Pharmaceutical Technology (VIPT) is one of the constituent colleges of Vignan Institutions well known for quality education with Global standards and Indian values. VIPT was established in 2006 with a view to provide job oriented professional courses in Pharmacy, VIPT offers B.Pharmacy., M.Pharm., PharmD. Programs. The College is Affiliated to the JNTU Kakinada, approved by the All India Council for Technical Education (AICTE), Pharmacy Council of India (PCI), Govt. of Andhra Pradesh. The College is ISO 9001:2015 & ISO 14001:2015 & ISO 45001:2018 Certified for its safety and waste disposal methods employed. The infrastructure available makes the college a conducive academic learning that provides students with good quality education in a clean, comfortable environment. The college is presently one of the largest graduate, postgraduate and research institutions in Andhra Pradesh imparting quality Pharmaceutical Education.

## RESOURCE PERSON

### Dr. Ajit Singh

Co Founder and CEO  
CLIMED,  
Bangalore

**PROFILE:** He has completed his M.Pharmacy and (Ph.D) and is now serving as an Associate Professor in the Department of Pharmaceutics in Vignan Institute of Pharmaceutical Technology in India from the past 15 years. Currently serving as IQAC coordinator, VIPT and been a integral member of various committee in Vignan Institute of Pharmaceutical Technology. Worked as External examiners, Technical advisor, Evaluator at various international Conferences throughout India. Published more than 35+ articles in various international and national journals with total of 100 citations and 3 h index. Research Interest in Pharmaceutics, Pharmaceutical Technology, Drug Delivery. Publications like Formulation and Evaluation of Fast Dissolving Tablets of Diclofenac Sodium by Novel Hole Technology

### Local Organizing Committee:

#### Convener:

Dr. M.Saritha,  
Professor

#### Co-Convener:

Mr. Vinod Kumar Mugada,  
Assistant Professor

Interested candidates please contact and enroll.

## REPORT

Workshop was organized on *SAS & SPSS Software in Clinical Research*:

A two day Workshop was organized on Workshop on SAS & SPSS Software from 06<sup>th</sup> to 07<sup>th</sup> December 2019 by VIPT, Duvvada. I M.Pharmacy Pharmacology, I M.Pharmacy Pharmaceutical analysis students attended this seminar.

The convener, Dr. M.Saritha professor delivered a welcome speech enlightened about the seminar and importance attached to the seminar. Dr.Y. Srinivasa Rao Principal, VIPT inaugurated the session, after inauguration, the speaker Dr. Ajit Singh, Co Founder and CEO, CLIMED, Bangalore. Gave his valuable presentation covering the topics on features of SPSS, getting data into SPSS, Basic steps in data analysis, various statistical procedures, Components of SAS, Applications of SAS. SPSS is short for Statistical Package for the Social Sciences, and it's used by various kinds of researchers for complex statistical data analysis. The SPSS software package was created for the management and statistical analysis of social science data. It was originally launched in 1968 by SPSS Inc., and was later acquired by IBM in 2009.

Officially dubbed IBM SPSS Statistics, most users still refer to it as SPSS. As the world standard for social-science data analysis, SPSS is widely coveted due to its straightforward and English-like command language and impressively thorough user manual. SPSS is used by market researchers, health researchers, survey companies, government entities, education researchers, marketing organizations, data miners, and many more for processing and analyzing survey data. Most top research agencies use SPSS to analyze survey data and mine text data so that they can get the most out of their research and survey projects.

The convener, Dr. M.Saritha professor thanked the management of VIPT for giving support and encouraging the team to organize the seminar. Q & A Session was also held. The Co convener Mr. Vinod Kumar, Assistant Professor gave vote of thanks.

## REPORT

Seminar was organized on *Designing the Methodology in Research* . :

A One day seminar was organized on designing the Methodology in Research from 20<sup>th</sup> November 2019 by VIPT, Duvvada. M.Pharmacy students attended this seminar.

Dr. S. Satya Lakshmi, Professor delivered a welcome speech enlightened about the seminar and importance attached to the seminar. Dr.Y. Srinivasa Rao, Principal, VIPT inaugurated the session and introduced the speaker of the session. Post inauguration, the speaker. Dr. Sumanth Jessy, Assistant Professor, Vignan Institute of Engineering for Women. Visakhapatnam. Prasad, gave his valuable presentation covering the topics on Formulating the Research problem Extensive literature survey, Development of working hypothesis, Collecting the data, Execution of the project, Analysis of data, Hypothesis testing. A research design is a strategy for answering your research question using empirical data. Creating a research design means making decisions about:

Your overall research objectives and approach, The type of research design you'll use, Your sampling methods or criteria for selecting subjects, Your data collection methods, The procedures you'll follow to collect data, Your data analysis methods, A well-planned research design helps ensure that your methods match your research objectives and that you use the right kind of analysis for your data., You might have to write up a research design as a standalone assignment, or it might be part of a larger research proposal or other project. In either case, you should carefully consider which methods are most appropriate and feasible for answering your question.

The convener Dr. S. Satya Lakshmi, professor thanked the management of VIPT for giving support and encouraging the team to organize the seminar. Q & A Session was also held. The Co convener, Dr. K. Gana Manjusha, Associate Professor gave vote of thanks.

## ABOUT THE INSTITUTION

Vignan Institute of Pharmaceutical Technology (VIPT) is one of the constituent colleges of Vignan Institutions well known for quality education with Global standards and Indian values. VIPT was established in 2006 with a view to provide job oriented professional courses in Pharmacy, VIPT offers B.Pharmacy., M.Pharm., PharmD. Programs. The College is Affiliated to the JNTU Kakinada, approved by the All India Council for Technical Education (AICTE), Pharmacy Council of India (PCI), Govt. of Andhra Pradesh. The College is ISO 9001:2015 & ISO 14001:2015 & ISO 45001:2018 Certified for its safety and waste disposal methods employed. The infrastructure available makes the college a conducive academic learning that provides students with good quality education in a clean, comfortable environment. The college is presently one of the largest graduate, postgraduate and research institutions in Andhra Pradesh imparting quality Pharmaceutical Education.

## RESOURCE PERSON

**Mr. Srinu Madem,**  
Resource Person,  
National Institute of Securities  
Markets (NISM)

**PROFILE:** Mr. Srinu Madem is a public speaker and worked for many professional bodies as a Financial Education Resource Person and served nation for about 9 Years and conducted 230 workshops for various sections of people in the society like Home Makers, Self Help Groups, Young Investors, Executives and Middle-Income groups etc. Besides, he has 12 Years of teaching experience in the stream of MBA. His research area is derivative segment in finance and published 10 research articles in various international journals. His academic qualifications include MBA and M.Phil. He has other certifications like UGC-NET and SEBI-Research Analyst.

## REPORT

Seminar was organized on *Statistical Research Methodologies in Epidemiology*:

Seminar was organized on *Statistical Research Methodologies in Epidemiology* on 18.10.2019 by VIPT, Duvvada. B.Pharmacy, Pharm D students attended this seminar.

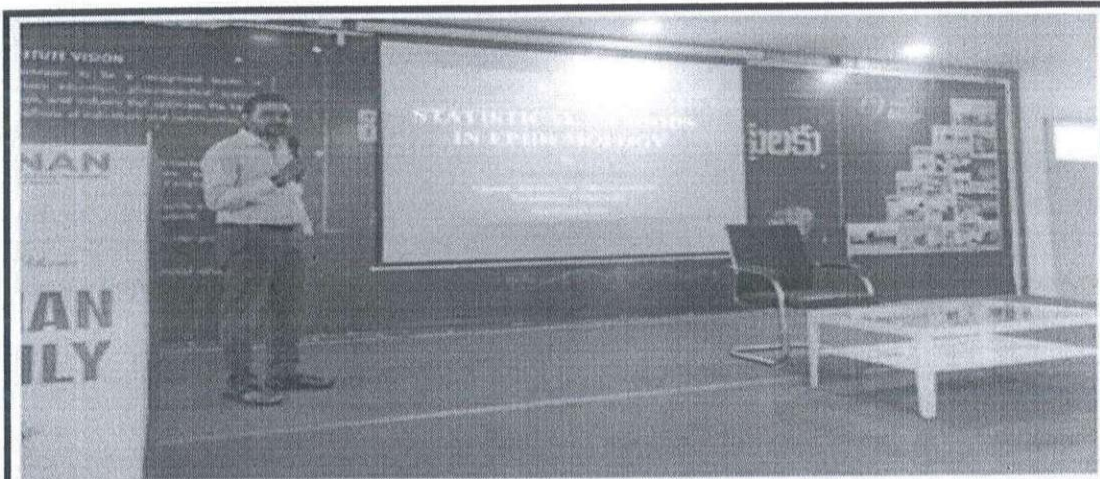

Dr.Y. Srinivasa Rao, Principal, VIPT, inaugurated the session. The Convener Mrs. V.Jhansi Lakshmi, Assistant Professor delivered a welcome speech enlightened about the seminar and importance attached to the seminar. After inauguration, the speaker Mr. Vinod Kumar Mugada, Assistant Professor, Vignan Institute of Pharmaceutical Technology, Duvvada, gave his valuable presentation covering the topics on disease frequency, descriptive epidemiology towards hypothesis formulation, Analytical epidemiology. Types of epidemiological studies and methods, Basic methods in epidemiology. Epidemiology is the study of the distribution and determinants of health-related states or events in specified populations and the translation of study results to control health problems at the group level. The major objectives of epidemiologic studies are to describe the extent of disease in the community, to identify risk factors (factors that influence a person's risk of acquiring a disease), to determine etiology, to evaluate both existing and new preventive and therapeutic measures (including health care delivery), and to provide the foundation for developing public policy and regulatory decisions regarding public health practice. Epidemiologic studies provide research strategies for investigating public health questions in a systematic fashion relating a given health outcome to the factors that might cause and/or prevent this outcome in human populations.

The convener, Mrs. V.Jhansi Lakshmi Assistant professor thanked the management of VIPT for giving support and encouraging the team to organize the seminar. Q & A Session was also held.

Co-Convener Dr. Wasim Feroz concluded the session with vote of thanks.

## REPORT

Workshop was organized on *Effective Ways to Cope with Entrepreneurial Stress*:

A workshop was organized on Effective Ways to Cope with Entrepreneurial Stress from 07.10.2019 by VIPT, Duvvada. B. Pharmacy students attended this seminar

Dr.Y. Srinivasa Rao, Principal, VIPT delivered a welcome speech enlightened about the workshop and importance attached to the workshop.

After inauguration, the speaker Dr. Jaganath Rao, Personality Development Head, Dr. Jaganath skill and will development LLP, Bangalore gave his valuable presentation covering the topics on time management, resilience development, personality development, and stress management. He opined that making a to do list of next day tasks and dedicating time to the task which requires definitive time and energy would be beneficial and motivating. He asked the students to categorize their tasks according to Eisenhower matrix. He requested the students to practice meditation daily to build calmness and focus. Experts don't know exactly why personality influences a person's stress response, but research offers some clues as to how: Environment. Some environments, like busy workplaces with high social interaction, cause stress for some but complement the personalities of others. Happiness and positivity. Some personality traits, like extraversion and openness, result in more happy events over the course of a lifetime, which can mitigate stressful experiences. Additionally, extraversion and openness may lead to a positive outlook on life events. Conscientiousness. Having this trait may provide you with the capacity to overcome daily hassles. Neuroticism. This trait is associated with coping strategies like withdrawal. Extroversion and introversion. If you're extroverted, you may be more likely to seek social support when experiencing stress compared to an introvert. No matter what personality traits you identify with, it's possible to adopt healthy and effective stress-coping strategies. Q & A Session was also held.

The convener Dr. K. Gana Manjusha, Associate professor thanked the management of VIPT for giving support and encouraging the team to organize the workshop.

## REPORT

Seminar was organized on *Ethics in Pharmaceutical Issues*:

A two-day seminar was organized on Ethics in Pharmaceutical Issues from 11<sup>th</sup> to 12<sup>th</sup> September 2019 by VIPT, Duvvada. B. Pharmacy students attended this seminar. Convener Dr. P.V.Kamala Kumari welcomed Principal, Dr.Y.Srinivasa Rao and speaker of the session. Dr. M.U.R.Naidu on to the Dias. Dr.Y. Srinivasa Rao, Principal, VIPT delivered a welcome speech enlightened about the seminar and importance attached to the seminar.

Post inauguration, the speaker Dr. M. U. R. Naidu, Director, Dermatology, Natco Pharma, India gave his valuable presentation covering the topics on overview of ethics in pharmaceutical issues. He discussed various ethical issues in the pharmaceutical industry. He discussed the most prominent issues reported such as drug safety, pricing, data disclosure, importation, clinical study design, animal testing, international market, and good manufacturing and storage practices. The pharmaceutical industry is a unique and significant component of the international economy. It faces ethical issues distinct from other industries. There are a few powerful players controlling the supply of arguably the most critical products in an economy. A pressing ethical issue for pharmaceutical companies is whether they ought to be held to a higher standard than those in other industries due to their role in serving the public good. How can earning a profit be a company's single most important concern if this goal prevents a consumer from purchasing a lifesaving drug? Do pharmaceutical companies have a moral duty to invest in treatment research, a societal good, even if they lose money in the process? Pharmaceutical companies can profit from patent laws intended to promote social good but which instead create perverse incentives, or fail to adequately incentivize. Even if patent protection secures exclusive rights to sell a product, it still may not be profitable for a company to invest in certain drug development.

Inevitable patent laws, the consequent lack of competition, and crucial public interest in accessing these drugs are distinctive characteristics of the pharmaceutical industry. As such, policies ought to encourage companies in this industry to keep drug prices low and to develop new treatments for humanitarian rather than pure profit motives. Q & A Session was also held.

The Co-convener Mrs.A.Swathi Annapurna, Assistant Professor thanked the management of VIPT for giving support and encouraging the team to organize the seminar.

## ABOUT THE INSTITUTION

Vignan Institute of Pharmaceutical Technology (VIPT) is one of the constituent colleges of Vignan Institutions well known for quality education with Global standards and Indian values. VIPT was established in 2006 with a view to provide job oriented professional courses in Pharmacy, VIPT offers B.Pharmacy., M.Pharm., PharmD. Programs. The College is Affiliated to the JNTU Kakinada, approved by the All-India Council for Technical Education (AICTE), Pharmacy Council of India (PCI), Govt. of Andhra Pradesh. The College is ISO 9001:2015 & ISO 14001:2015 & ISO 45001:2018 Certified for its safety and waste disposal methods employed. The infrastructure available makes the college a conducive academic learning that provides students with good quality education in a clean, comfortable environment. The college is presently one of the largest graduate, postgraduate and research institutions in Andhra Pradesh imparting quality Pharmaceutical Education.

## RESOURCE PERSON

### Dr. Jaganath Rao

Personality Development Head,  
Dr. Jaganath skill and will development LLP,  
Bangalore

**PROFILE:** Founder & Partner, Motivational Speaker, 4 Awards Winner, 5 Lakhs Trainees in 500 Institutions across India, Counselor. Graduate from symbiosis law school, pune. He is a Renowned National Motivational Speaker, Soft Skills & Life Skills Trainer, Personality Development Trainer and Keynote Speaker for 20 years, he engages Professional Motivational Training Programs like: Interview Skills, Personality Development Training, Study Skills & Exam Skills for Student Community, Faculty Development Program (FDP) / Teacher's. Training Programs Corporate Training - Soft Skills & Life Skills Development, Motivational Seminars for Government Organizations, Life-Changing Motivational Seminars for Public at large. Hon'ble Dr APJ Abdul Kalam, Former President of India has appreciated Dr Jaganath Rao.

## REPORT

Seminar was organized on *Entrepreneurship in India*:

A one-day seminar was organized on Entrepreneurship in India on 3<sup>rd</sup> September 2019 by VIPT, Duvvada.

B. Pharmacy students attended this seminar.

Dr.Y. Srinivasa Rao, Principal, VIPT delivered a welcome speech enlightened about the seminar and importance attached to the seminar.

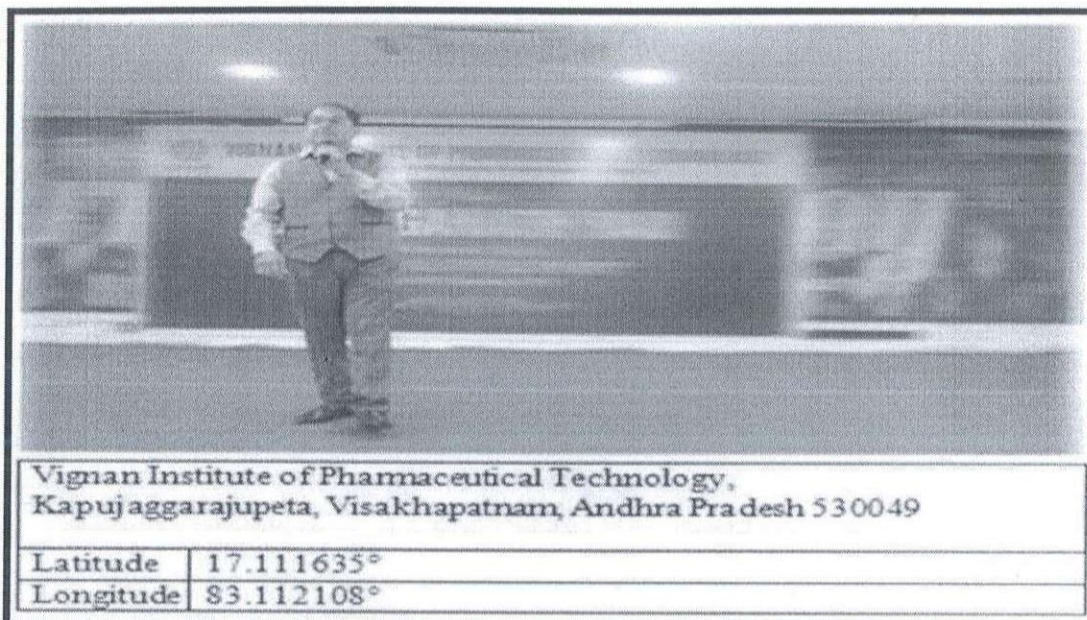

After inauguration, the speaker Dr. Jaganath Rao gave his valuable presentation covering the topics on current entrepreneurial ecosystem, local entrepreneurial ecosystem, top entrepreneurs in India and their inspiring journeys. He stated that India's current entrepreneurial ecosystem is a result of three waves of entrepreneurial activity with distinct focus areas – information technology (IT), consumerism and innovation. He stated that 82 per cent think it is easy to start a business, placing India fourth globally. In my mind, education has played a very important role in driving the growth of most businesses. It has enabled the leveraging of digital and various other technologies, playing a very important role in creating a vibrant business environment. The emergence of new avenues of funding has also changed the landscape. Earlier we only had banks that provided working capital, but now we have non-banking financial companies (NBFCs), angel funders, private equity and venture capitalists. I strongly believe that if you have a good business, potential prospect, or project, it will not be difficult to raise money.

The willingness to fail has also increased substantially, which is a very good sign because not all businesses are going to succeed. Education provides one with a safety net so one can always go back to the drawing board or the job market if one's business plans do not materialize.

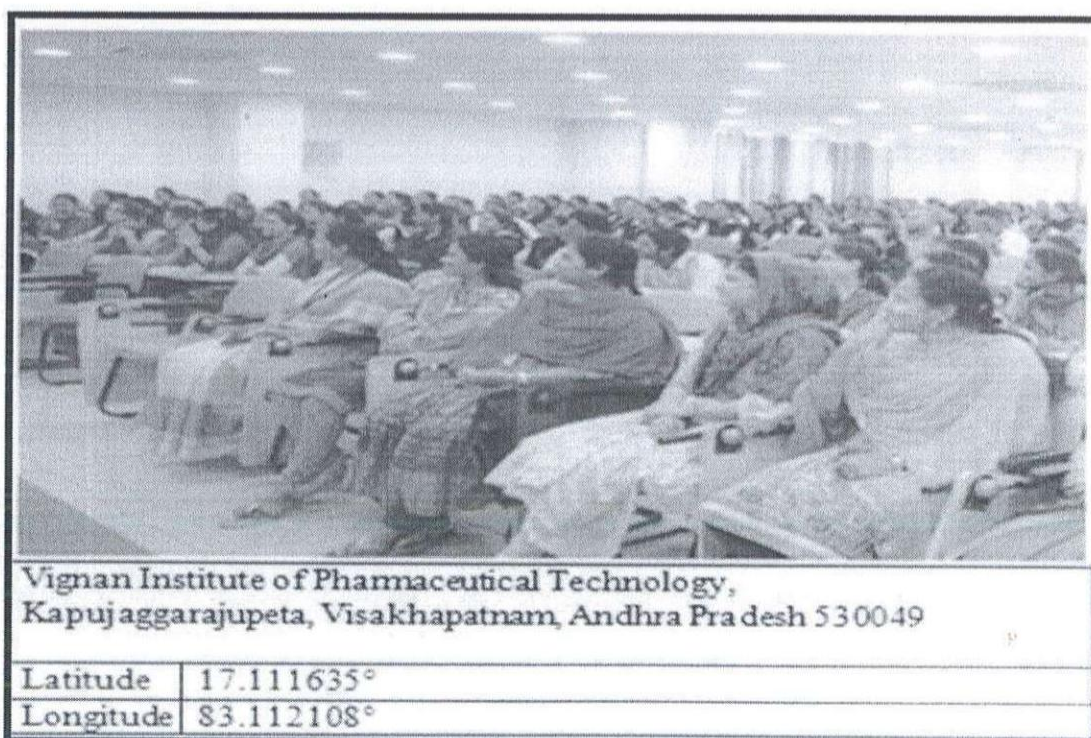

The convener Dr. K. Gana Manjusha, Associate professor thanked the management of VIPT for giving support and encouraging the team to organize the seminar. Q & A Session was also held.

## RESOURCE PERSON

### Dr. N. Ramya

Associate Professor,  
VIIT, Duvvada

**PROFILE:** Currently working as associate professor in statistics at Vignan Institute of Information Technology. Doctorate from Andhra University, Visakhapatnam in statistics with more than 16+ research publication to her name indexed with Scopus and Thompson Reuters, with 6 citations and 01 h index. Expertise in Statistics and Probability mainly with Queuing Theory, Statistical analysis methods. Cluster and Factorial Analysis Applications in Statistical Methods, An Effectiveness of the Determinants of Employees' Job Satisfaction and Job Performance – A Case Study on Health Sector in Ethiopian Context, penalty difference algorithm for basic feasible cost of tpp, Statistical Applications of Confounding Techniques in Factorial Designs for Basic Science and Engineering, Effective teaching and learning process through outcome-based education and Studying the Applications of Linear Programming in Basic Science and Engineering Curriculum were some of her publications.

## REPORT

Seminar was organized on *Contemporary Research Methods in Pharmacy and Health Sciences:*

A two-day seminar was organized on Contemporary Research Methods in Pharmacy and Health Sciences from 19<sup>th</sup> to 20<sup>th</sup> August 2019 by VIPT, Duvvada. B. Pharmacy students attended this seminar

Dr.Y. Srinivasa Rao, Principal, VIPT delivered a welcome speech enlightened about the seminar and importance attached to the seminar.

After inauguration, the speaker Dr.N.Ramya, Associate Professor, Vignan Institute of Information Technology, Duvvada gave his valuable presentation covering the topics on overview of research methods in pharmacy and health sciences. She stated that research methodology is a valuable resource for researchers both in academia and corporate R&D, primarily in pharmacy but also in health services, and other health disciplines. She opined those emerging methods, as well as best practices in well-used methods, in pharmacy are of great benefit to researchers, graduate students, graduate programs, residents and fellows also in other health science areas. Q & A Session was also held.

The convener Mrs. V. Jhansi Lakshmi, Assistant professor thanked the management of VIPT for giving support and encouraging the team to organize the seminar.

## ABOUT THE INSTITUTION

Vignan Institute of Pharmaceutical Technology (VIPT) is one of the constituent colleges of Vignan Institutions well known for quality education with Global standards and Indian values. VIPT was established in 2006 with a view to provide job oriented professional courses in Pharmacy, VIPT offers B.Pharmacy., M.Pharm., PharmD. Programs. The College is Affiliated to the JNTU Kakinada, approved by the All India Council for Technical Education (AICTE), Pharmacy Council of India (PCI), Govt. of Andhra Pradesh. The College is ISO 9001:2015 & ISO 14001:2015 & ISO 45001:2018 Certified for its safety and waste disposal methods employed. The infrastructure available makes the college a conducive academic learning that provides students with good quality education in a clean, comfortable environment. The college is presently one of the largest graduate, postgraduate and research institutions in Andhra Pradesh imparting quality Pharmaceutical Education.

## RESOURCE PERSON

**Mrs. M. Leela Rani**  
Director Lee Pharma Ltd,  
Director Lee Health Domain  
Visakhapatnam

**PROFILE:** A second generation entrepreneur, who is presently serving as the Director of Lee Pharma Ltd, a US FDA and EU GMP approved pharmaceutical company with its presence in the manufacturing of APIs, semi-finished dosage forms and finished formulations with four manufacturing facilities across the States of Andhra and Telangana. I am also spearheading the activities of Lee Health domain, a company involved in the research and development of formulations with potent phytonutrients, nutraceuticals and bioactive compounds. I am a Postgraduate with Master of science (Hons) Biological sciences from the prestigious Birla Institute of Technological Sciences Pilani (2001 Batch) Currently I am serving as the Chairperson of Women Entrepreneurship wing of AP chambers, where the team under my leadership has a vision for creating empowerment in women.

## REPORT

Seminar was organized on *Concept, Innovation, and Entrepreneurial Development*:

A two-day seminar was organized on Concept, Innovation, and Entrepreneurial Development from 2<sup>nd</sup> to 3<sup>rd</sup> August 2019 by VIPT, Duvvada. B. Pharmacy students attended this seminar

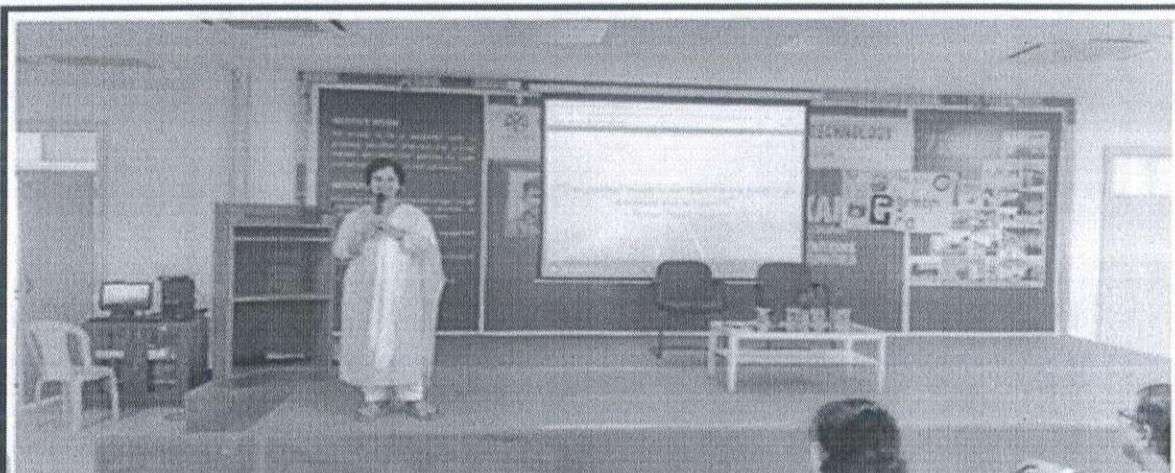

Dr.Y. Srinivasa Rao, Principal, VIPT delivered a welcome speech enlightened about the seminar and importance attached to the seminar.

After inauguration, the speaker Mrs. M. Leela Rani, Director Lee Pharma Ltd, Director Lee Pharma Domain, Visakhapatnam gave his valuable presentation covering the topics on overview of concept, innovation, and entrepreneurial development. She opined that "Innovative entrepreneurship is the practice of establishing creating new business ideas intending to generate profit, assist their community and accomplish company goals. Innovation helps an individual entrepreneur or a group of entrepreneurs to improve or replace a particular product, process or service." She stated that "Innovation means developing original concepts and is a driver of reimagining business. Companies that innovate are able to set the organization in a different paradigm in order to identify new opportunities and the best methods to solve current problems." Q & A Session was also held.

The convener Mr. P.V. Kamala Kumari, Professor thanked the management of VIPT for giving support and encouraging the team to organize the seminar.

## REPORT

Seminar was organized on *Essential Statistics for the Pharmaceutical Research*:

A one day seminar was organized on *Essential Statistics for the Pharmaceutical Research* from 20-07-2019 by VIPT, Duvvada. B.Pharmacy and PharmD students attended this seminar.

Dr.Y. Srinivasa Rao, Principal, VIPT, inaugurated the session. The Convener Dr. D.Vasudha delivered a welcome speech enlightened about the seminar and importance attached to the seminar. After inauguration, the speaker Prof. J.Vijaya Ratna, AU College of Pharmaceutical Sciences Visakhapatnam, gave her valuable presentation covering the topics Data presentation, interval scale data, Descriptive statistics for interval scale data, Sampling from populations: The standard error of the mean, 95% Confidence interval for the mean and data transformation, The paired t test: Comparing two related sets of measurements, Analyses of variance: Going beyond t tests. *Essential Statistics for the Pharmaceutical Sciences* is targeted at all those involved in research in pharmacology, pharmacy or other areas of pharmaceutical science; everybody from undergraduate project students to experienced researchers should find the material they need. This seminar guided the students, who are not specialist statisticians in using sound statistical principles throughout the whole journey of a research project - designing the work, selecting appropriate statistical methodology and correctly interpreting the results. It deliberately avoids detailed calculation methodology. Its key features are friendliness and clarity. All methods are illustrated with realistic examples from within pharmaceutical science. Q & A Session was also held.

Co-Convener Dr. P.Prathyusha gave vote of thanks by thanked the management of VIPT for giving support and encouraging the team to organize the seminar.

## ABOUT THE INSTITUTION

Vignan Institute of Pharmaceutical Technology (VIPT) is one of the constituent colleges of Vignan Institutions well known for quality education with Global standards and Indian values. VIPT was established in 2006 with a view to provide job oriented professional courses in Pharmacy, VIPT offers B.Pharmacy., M.Pharm., PharmD. Programs. The College is Affiliated to the JNTU Kakinada, approved by the All India Council for Technical Education (AICTE), Pharmacy Council of India (PCI), Govt. of Andhra Pradesh. The College is ISO 9001:2015 & ISO 14001:2015 & ISO 45001:2018 Certified for its safety and waste disposal methods employed. The infrastructure available makes the college a conducive academic learning that provides students with good quality education in a clean, comfortable environment. The college is presently one of the largest graduate, postgraduate and research institutions in Andhra Pradesh imparting quality Pharmaceutical Education.

## RESOURCE PERSON

**Mr. Mujeebuddin Sheik,**  
Founder and CEO,  
Clinosol Research.

**PROFILE:** He did Masters in Pharmacology and Clinical Research, He spearheads partnerships with industry and professional associations enabling great opportunities for them and Clinosol students. Clinosol Research Private Limited is an ISO Certified Company that deals with Clinical Research Project Handling, Provides Resource Management to Clients as well as has its own training wing in the vertices of Clinical Research, Clinical Data Management, Pharmacovigilance, Medical Writing, Regulatory Affairs, and Clinical SAS Clinosol Research Private Limited is an ISO Certified Company that deals with Clinical Research Project Handling, Provides Resource Management to Clients as well as has its own training wing. Work experience as SME & Project Lead – CDM IQVIA, Principal Consultant, and Oracle. Team Lead, Parexel, Study designer, Accenture. CRA, Bioserve Clinical Research Pvt Ltd

### Local Organizing Committee:

#### Convener:

Mr. Vinod Kumar M  
Assistant Professor

#### Co- Convener:

Dr. Wasim Feroz  
Assistant Professor

## REPORT

Seminar was organized on *Ethical Consideration in Pharmacovigilance*:

A seminar was organized on Ethical Consideration in Pharmacovigilance from 06-07-2019 by VIPT, Duvvada. B. Pharmacy students attended this seminar

Dr.Y. Srinivasa Rao, Principal, VIPT delivered a welcome speech enlightened about the seminar and importance attached to the seminar.

After inauguration, the speaker Mr. Mujeebuddin Shaik, Founder and CEO, Clinosol Research, Visakhapatnam., India gave his valuable presentation covering the topics on overview of ethics in pharmaceutical issues. He discussed various ethical issues in the pharmaceutical industry. Specific principles of ethics as relevant to Pharmacovigilance are beneficence, non-maleficence and justice. These are applicable both in regular practice as well as in research especially clinical trials. Informed consent. Voluntary participation, Do no harm, Confidentiality, Anonymity, Only assess relevant components. identify and articulate ethical considerations to help guide decision-making around the regulation and monitoring of vaccines post-licensure. While these considerations are not intended to be an exhaustive account of the ethical concerns, they can facilitate the explicit examination of ethical issues in this context. We identify the protection of public from harm as the primary consideration, and identify others that help in the discharging of this governmental obligation. Others include: transparency, a publicly acceptable risk-benefit profile, public trust, minimization of stigma, and special obligations to vulnerable populations. Regulators and researchers can use these ethical considerations to help enhance their reasoning and to improve the accountability of their decision-making

The convener Mr. Vinod Kumar Mugada, Assistant Professor thanked the management of VIPT for giving support and encouraging the team to organize the seminar. Q & A Session was also held. Co-convener Dr. Wasim Feroz gave vote of thanks.
