20th April, 2022

To

The Principal

Vignan Institute of Pharmaceutical Technology (VIPT)

Visakhapatnam

Respected sir,

Sub: Approval to conduct **Three Days Workshop on "Revised Framework of NAAC"** organized by IQAC at VIPT-reg-reg.

As per the suggestions made by Honorable Chairman Dr. L. Rathaiah sir in the GBM, that it is more advantageous to conduct awareness program for all faculty members of our institution to enhance their skills.

In order to conduct this Awareness program, our institute has to take care of the following expenditure as per the norms specified by them. Hence kindly extend your support and accord approval for the expenditure to conduct this Workshop as NAAC awareness program during 27-04-2022 to 29-04-2022.

Thanking you sir

Yours faithfully

P.N. Mallikarjun

Estd.2006

Report on

Three Days Workshop on “Revised Framework of NAAC”

A one week awareness program was organized by the IQAC at Vignan’s Institute of Pharmaceutical Technology, Visakhapatnam on 27-04-2022 to 29-04-2022.

The title of the programme is *Three Days Workshop on “Revised Framework of NAAC”*. The aim and scope of this program is to provide for awareness on The Revised Assessment and Accreditation Framework is also a step towards a better education system. It aims to transform the Indian education system by making it ICT-enabled, transparent, scalable, and robust. The NAAC accreditation guidelines outline higher education institutions’ criteria to be eligible for their endorsement.

Here’s a look at what’s changed in the Revised Accreditation Framework (RAF) for NAAC assessment and accreditation –

- Reducing the dependency on qualitative peer judgment wherever possible and replacing it with quantitative evaluation based on actual data. The shift to quantitative assessment aims to improve objectivity and transparency in the NAAC accreditation process.
- Increased use of information and communication technology in the learning process to make the education system scalable and robust.
- Simplifying the assessment and accreditation process by reducing the number of questions, size of the reports, number of visit days, etc.
- Establishing benchmarks using NAAC indicators to improve the quality of education offered in India’s higher education institutions. Benchmarks have been created using international QA frameworks.
- Introducing system-generated scores (SGS) combined with online evaluation (70%) and peer judgment (30%)

PRINCIPAL
VIGNAN INSTITUTE OF
PHARMACEUTICAL TECHNOLOGY
Beside: VSEZ, Duvvada, Visakhapatnam-46

- Only those institutions that fulfill the pre-qualifying criteria by scoring at least 30% of the system generated score will be eligible for a peer team visit.
- Introduced third-party validation of the data presented in an institution's application.
- Providing the appropriate differences in metrics, weights, and benchmarks to universities, autonomous colleges, and affiliated/constituent colleges.
- Revising various metrics to help improve the participation of students and alumna in the assessment process

Program team:

Resource team: Dr. M. Ramakrishna, Dean, IQAC

Dr. Y. Jyothi, Associate Dean, IQAC

Patron: Dr. Y. Srinvasa Rao, Principal

Convener: Mr. P.N. Mallikarjun, IQAC Coordinator

Number of participants: 39 Members

About the program:

NAAC primarily focuses on assessment of the quality of higher education institutions in the country. The NAAC methodology for Assessment and Accreditation is specifically designed taking into account the good practices of Quality Assurance (QA) agencies across the world and consists of an initial self-assessment by the institution and a subsequent external peer assessment organized by NAAC.

TECHNICAL SESSION- I:

The Revised Assessment and Accreditation Framework was launched in July 2017. It represents an explicit Paradigm Shift making it ICT- enabled, objective, transparent, scalable and robust.

The Shift is:

From the previous qualitative peer judgment to data based quantitative indicator evaluation with increased objectivity and transparency towards extensive use of ICT confirming scalability and robustness boosting benchmarking as quality improvement tool. This has been attempted through comparison of NAAC indicators with those of other international QA frameworks. Introducing

PRINCIPAL
VIGNAN INSTITUTE OF
PHARMACEUTICAL TECHNOLOGY
 Beside: VSEZ, Duvvada, Visakhapatnam-46

the System Generated Scores (SGS) with combination of online evaluation (about 70%) and peer judgment (about 30%), Introducing Pre-qualifier before the peer team visit, as 25% of the SGS.

In revising several metrics to bring in enhanced participation of students and alumni in the Assessment process

Topics

1. *Criterion - I* Curricular Aspects
2. *Criterion - II* Teaching Learning and Evaluation
3. *Criterion - III* Research Innovation and Extension
4. *Criterion - IV* Infrastructure and Learning Resources
5. *Criterion - V* Student Support and Progression
6. *Criterion - VI* Governance Leadership and Management
7. *Criterion - VII* Institutional Values and Best Practices

TECHNICAL SESSION – II:

Understanding the Process of NAAC Accreditation –

The accreditation process is now three-tiered. Leveraging ICT has enabled NAAC to create a process that includes the Student Satisfaction Survey and Data Verification and Validation for added value.

- Institutional Information for Quality Assessment (IIQA) and Self Study Report (SSR) – The Institutional information for quality assessment (IIQA) and the self-study report (SSR) represent the intent of the HEI to apply for assessment and accreditation.
- Data Validation and Verification (DVV) and Pre-qualifier Score – At this stage, the submitted information is analyzed and subjected to an online assessment. Institutions scoring lower than 30% on the quantitative metrics will qualify for onsite peer review or assessment.
- Preparation for Student Satisfaction Survey (SSS) – The next step is to prepare for the student satisfaction survey and obtain the response from at least 10% of the enrolled students in the institution.
- Onsite Assessment / Peer Review by Visiting Teams – The peer review is focused on the qualitative aspect of the assessment. An institution needs a minimum of 30% score to

4/11/2020
PRINCIPAL
VIGNAN INSTITUTE OF
PHARMACEUTICAL TECHNOLOGY
Reside: VSEZ, Duvvada, Visakhapatnam-46

qualify for accreditation approval. A team of peer reviewers nominated by NAAC conducted the evaluation in this step.

Higher education institutions should get all the documentation and preparation right to complete the accreditation process. It is best to partner with an expert who can offer the proper guidance in this process.

TECHNICAL SESSION – III:

Detailed discussion happened on revised NAAC assessment process that includes brief discussion on

1. Process:

- a. Institutional Information for Quality Assessment (IIQA) and Self Study Report (SSR)
- b. Data Validation and Verification (DVV) and Pre-qualifier Score
- c. Preparation towards Student Satisfaction Survey (SSS)
- d. Onsite Assessment - Peer Review by Visiting Teams
- e. The Grading Pattern – Introduction of Grade Qualifiers

2. Penalties

3. Appeals Mechanism

4. Timelines for A&A Process in Inaugural window

Schedule of activities:

Day and date: 27-04-2022 to 29-04-2022

Venue: VIPT Seminar Hall

Objectives of program:

- To bring awareness about the various process parameters with relative weights.
- To bring awareness on revised framework of NAAC compared to Previous
- To bring awareness about the quality embedded in presenting the NAAC data to Peer review team.
- Deliberations on inclusivity and diversity in revised accreditation process.
